CLEENOL

QUALITY, CARE AND SERVICE FOR OVER 70 YEARS

Cleenol is an independent family run company which is today recognised as one of the UK's leading innovators, manufacturers and suppliers of quality cleaning and hygiene products.

Cleenol has an extensive manufactured product range and stock a large range of ancillary products, making Cleenol a single source for even the most demanding of cleaning requirements.

OUR CUSTOMERS COME FIRST

We are able to manufacture, warehouse and distribute high quality products through an efficient and personal service.

PROVEN PRODUCTS - TRUSTED BY PROFESSIONALS

Since the outset, our focus has been constant – improved product performance, increased safety and environmental credentials and enhanced customer benefit.

Each product in Cleenol's general or bespoke range of cleaning solutions is formulated to provide the highest standards in domestic, commercial and industrial hygiene technology.

CLEENOL
70+
SINCE 1948

MORE THAN 70 YEARS OF SERVICE & INNOVATION

Cleenol Group are proud members of:

BACS
British Association for Chemical Specialities

ISSA
Advancing Clean.
Driving Innovation.

Cleenol products are manufactured under a quality system approved to ISO 9001 and an environmental system approved to ISO 14001.

REDUCE SINGLE USE PLASTIC AND SAVE MONEY!

FLASK FOR LIFE HOLDER AVAILABLE
CODE: EVFH

Cleenol's Heavy Duty Refill Flasks play a major role in reducing single use plastics.

Refilling a heavy duty flask from a 5L container saves 10x500ml or 6x750ml flasks from going to waste.

It also saves costs – at least 60% cheaper than 6x750ml ready to use, and over 90% cheaper than 6x500ml.

Cleenol's Heavy Duty Refill Flasks and triggers are robustly made for long term use and include labels that are chemical resistant.

CLEENOL | CARING FOR THE ENVIRONMENT

STRONG ENVIRONMENTAL PRODUCTS FOR PROFESSIONAL

At Cleenol, we take our responsibility to the environment very seriously. We recognise that concern for the world around us should be an integral and fundamental part of our business and we are committed to minimising the impact of our products and services on the environment.

Each product in the Cleenol Envirological Range has been formulated to minimize the impact on the environment. They utilise raw materials from renewable resources, are fully biodegradable and use recycled or recyclable packaging.

- ✓ BIODEGRADABLE TO EUROPEAN STANDARDS
- ✓ RAW MATERIALS MAINLY FROM RENEWABLE RESOURCES INCLUDING VEGETABLE DERIVED SURFACTANTS AND BETAINES
- ✓ CONCENTRATED PRODUCTS REDUCE PACKAGING
- ✓ REUSABLE & RECYCLABLE TRIGGERS AND SPRAY FLASKS
- ✓ SEPTIC TANK SAFE
- ✓ FRUIT FRAGRANCES
- ✓ PHOSPHATE FREE

- ✗ UNNECESSARY INGREDIENTS
- ✗ HARMFUL ADDITIVES
- ✗ NOT TESTED ON ANIMALS

MULTIPURPOSE CITRA CLEANER

A clear orange citrus fragranced all-purpose cleaner. It is a safe alternative to many highly alkaline products designed for similar tasks. For the general cleaning of floors, walls, sinks, showers, WCs and most hard surfaces. Suitable for use through pressure washers and scrubber dryers.

It is biodegradable, contains no phosphates and has minimal impact upon the environment.

- | | |
|------------------------|--------------|
| Size: 20L | Code: 058732 |
| Size: 2x5L | Code: 058721 |
| Size: 6x750ml HD Flask | Code: 058754 |

PERFUMED SPRAY CLEANER WITH BACTERICIDE

Suitable for use anywhere except where food is processed. Cleans, disinfects and deodorises in one operation. Suitable for most hard surfaces including table tops, stair rails, sinks, door handles etc. Conforms to BSEN1276 and EN13697 and is effective against pseudomonas aeruginosa, escherichia coli, staphylococcus aureus and enterococcus hirae after 5 minutes. Also tested under BSEN1276 killing 99.99% of germs within 30 seconds.

- | | |
|------------------------|----------------|
| Size: 2x5L | Code: 053242X5 |
| Size: 6x750ml | Code: 057697 |
| Size: 6x750ml HD Flask | Code: 056621/6 |

HEAVY DUTY CLEANER

An unperfumed general purpose heavy duty cleaner and degreaser designed for use in areas where a non-perfumed cleaner is required. Ideal for use in commercial catering and kitchen environments. A formulation with no caustic additives. A safe alternative to many alkaline products used for similar tasks. Ideal for use on floors, walls, external and internal surfaces of catering equipment, canopy filters, canopy hoods, fat fryers and autoshams. Can be used through pressure washers and steam cleaners.

- | | |
|------------------------|----------------|
| Size: 2x5L | Code: 058271 |
| Size: 6x750ml HD Flask | Code: 058282/6 |

CLEAR STRONG WASHING UP LIQUID

A concentrated formulation designed to cut through heavy grease and grime. For the manual washing of pots and utensils. Contains no unnecessary perfumes or dyes and is clear in colour.

Formulated from renewable resources including vegetable derived surfactants and betaines. pH balanced to neutral.

- | | |
|---------------|--------------|
| Size: 2x5L | Code: 021215 |
| Size: 12x1L | Code: 021232 |
| Size: 6x500ml | Code: 021246 |

SPRAY CLEANER WITH BACTERICIDE

Provides quick, easy cleaning and sanitizing for all food preparation surfaces, microwaves, chopping boards, cupboards, fridges and freezers. Non-tinting. Conforms to BSEN1276 and EN13697 and is effective against pseudomonas aeruginosa, escherichia coli, staphylococcus aureus and enterococcus hirae after 5 minutes. Also tested under BSEN1276 killing 99.99% of germs within 30 seconds.

Size: 2x5L	Code: 053212X5
Size: 6x750ml	Code: 057549
Size: 6x500ml	Code: 053196
Size: 6x750ml HD Flask	Code: 056542/6

BATH & WASHROOM CLEANER

An effective foam cleaner and descaler ideal for taps, baths, showers, ceramics, plastic and porcelain surfaces. Leaves rooms deodorised, sanitized and descaled. Contains a fresh citrus fragrance. Conforms to BSEN1276 and is effective against Pseudomonas aeruginosa, E. coli, staphylococcus aureus, enterococcus hirae, listeria monocytogenes, salmonella typhimurium and listeria monocytogenes after 5 minutes. Effective against MRSA under BSEN 13697.

Size: 2x5L	Code: 05335C2X5
Size: 6x750ml	Code: 057596
Size: 6x500ml	Code: 053CLIFT6
Size: 6x750ml HD Flask	Code: 056578/6

WINDOW & MIRROR CLEANER

A unique formulation giving exceptional sparkling, streak-free results every time. Removes a wide range of soils including atmospheric grime, nicotine stains, fingermarks and dead insect marks.

Size: 2x5L	Code: 053262X5
Size: 6x750ml	Code: 057537
Size: 6x500ml	Code: 0532566
Size: 6x750ml HD Flask	Code: 056379/6

CITRIC TOILET CLEANER

Formulated from renewable resources including fruit based acid.

A complete cleaner that removes lime and scale leaving toilets clean and with a refreshing floral fragrance. The product is biodegradable, contains no phosphates and has minimal impact upon the environment.

This product has not been tested on animals.

Size: 2x5L	Code: 058178
Size: 12x750ml	Code: 058189

SHOWER GEL

Formulated from mainly vegetable derived surfactants and pH balanced to neutral, this product is ideal for an all over hair and body wash. A mild effective delicately perfumed formulation with high foaming properties. Rinses off easily, leaving the skin smooth and conditioned. Available in a handy pump action bottle.

Size: 2x5L	Code: 058293
Size: 6x500ml	Code: 058314

LIQUID HAND SOAP

This gentle hand cleanser is formulated from renewable resources including vegetable derived surfactants, betaines and glycerine and is pH balanced to neutral. It is biodegradable and contains no phosphates. It has not been tested on animals.

Size: 2x5L	Code: 058190
Size: 6x500ml	Code: 058212

EVOLUTION
SUPER CONCENTRATES

Set Dosages

Product is dispensed one shot at a time with a time delay on the mechanism to prevent over-use and waste of product.

Easy To Use

Just add water and a single measured shot.

Safety In Use

The dispensers are fully lockable and kept off the floor.

Spray Flask Dispenser

The Evolution Spray Flask Dispenser has a purpose built shelf for holding the trigger bottle in place whilst it dispenses the correct measure of concentrate product into the water filled flask. A range of heavy duty 750ml bottles and trigger sprays with chemical resistant labels are available for the selected products through this system. The dispenser will not operate unless the trigger bottle is locked in place.

Sink Dispenser

The Evolution sink dispenser is sited to ensure the delivery spout dispenses directly into the sink or bowl of water.

Bucket Dispenser

The Evolution bucket dispenser has an extension pipe which is installed at the right height above the selected bucket, allowing the product to flow directly into the water.

EVOLUTION SUPER CONCENTRATES

Cleenol's Evolution Dispensing Systems allow for concentrated chemicals to be diluted at point of use. Unlike conventional systems, Evolution requires no water connections, plumbing or electrical supply.

Simple, Accurate, Dispensing

The easy to use dispenser has a push/pull lever system which consistently delivers the correct amount of chemical concentrate directly into water in a trigger bottle, sink or bucket.

SAFE Systems

The product filled dispenser will only dispense concentrate when the spray bottle is locked into position. Both the sink and bucket operations have to be enabled before dispensing can take place. An automatic delay mechanism locks out the system for a time preventing overdosing. The units are lockable for safety reasons. Non-return valves and drip trays remove the risk of splashing surfaces or the operator.

Environmental Advantages

Accurate dispensing prevents overdosing and chemical wastage. Concentrated products reduce packaging, storage and transport.

Cost effective

Controlled dispensing and consistent dilutions every time, give demonstrable savings in cost in use.

Product Charts

A range of product charts are available for catering and housekeeping areas.

Evolution Flask Dispenser
Code: EVDISF

DISPENSER SYSTEM

1x1.5L pouch can make the equivalent of up to:

- 75 to 150 Buckets or Sinks
- 75 to 300 Trigger Spray Bottles

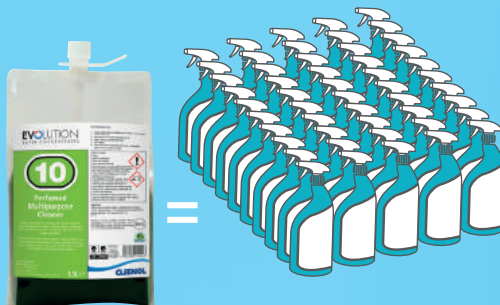

Reduces plastic packaging waste

Simple, accurate dispensing

Easy to use, install and maintain

Prevents overdosing and chemical wastage

Cost effective

NUMERIC REFERENCES

PRODUCT SYMBOLS

Each product has a unique product shape reference, giving additional support to assist with colour blindness, literacy or language difficulties.

COLOUR CODING

A selection of 9 bright, highly visual colour codes have been developed for the chemical products, product packaging of the 1L bottle and flask, product use charts.

NUMERIC REFERENCES

Each product within the range has a unique number reference for quick operator referral.

ICON CLEANING GUIDES

We have introduced a new range of easy to identify cleaning illustrations that will assist in identifying the main areas of use for the selected product.

EVOLUTION
1000

The Evolution 1000 system is a portable and convenient cleaning solution that helps provides a safer working environment when cleaning. Partnered with the Twin Bottle Holder you can store your open bottles off the ground and within easy reach so there is less chance of spillages and unnecessary strains often found with lifting heavy and clumsier cleaning solutions.

Evolution Twin Bottle Holders are custom made to fit two 1L Evolution 1000 bottles. The holder is easy to attach to any suitable vertical surface and makes any area a cleaning station. The compact design provides an off the floor system that keeps the area clean and hygienic.

Each 1 litre bottle has 5 dose rates available, simply squeeze the 1 litre bottle gently after removing the cap so the liquid fills the chamber to the desired dose rate. Then pour into your 750ml refill flask containing clean cold water.

HIGH CAPACITY CONCENTRATE BOTTLE SYSTEM

1x1L bottle can make a minimum of 50 ready-to-use refill flasks (based on a 20ml dosage)
Packed 3 x 1L to a case, provides up to 150 ready-to-use flasks – equivalent to 25 cases of normal ready to use product
Reduces plastic packaging waste
Reduces the need for frequent deliveries
Reduces money tied up in stock

KEY FEATURES

No need for wall mounted dispensers

No need for professional installers

One 325ml cartridge produces the equivalent to more than 12x750ml ready to use triggers

Same weight as a ready to use 750ml trigger

Always the correct dilution

Cannot be over-dosed

Just add water

Ergonomic design

BENEFITS

Portable

Interchangeable products

No set up costs

Convenient size

No waste

Controlled costs

Environmentally sound

Saves storage space

X2 PORTABLE CONCENTRATE SPRAY

The X2 Spray System is an easy to use, lightweight system which instantly mixes water and a concentrate without the need to measure.

There is no need to revisit a box on the wall - simply add water when needed. It is particularly suitable for use in locations where a high level of hygiene is required, e.g. catering establishments and medical facilities.

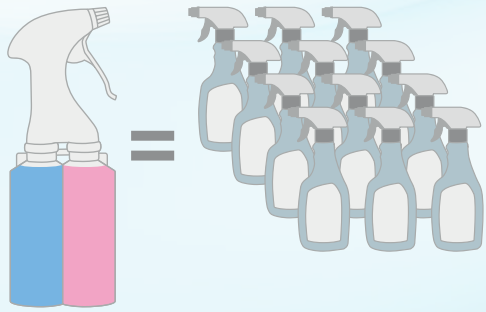

The X2 Spray System uses patented technology to ensure the dilution of concentrated product remains accurate. Specially designed seals built into every cartridge prevent contact with the concentrate. As an added security measure, the X2 Spray System will only operate when both cartridges are locked into the system.

SEE PAGES
10-11
FOR PRODUCT
DETAILS

COST EFFECTIVE

The X2 Spray System uses a specially formulated concentrate that gives the user greater savings both financially and in time. Each 325ml cartridge produces the equivalent to more than 12 standard 750ml ready to use trigger sprays.

IN FOCUS

ERGONOMIC TRIGGER

Designed to provide comfort and reduce the risk of repetitive strain when in use. The trigger is made from a high quality, durable plastic and has been extensively tested to ensure the spray head lasts significantly longer than a standard spray trigger.

EASY LOCK SYSTEM

Locking system and self-sealing bottle prevents any exposure to concentrates.

Number: 1
Colour: Green
Symbol: Triangle

POT WASH DETERGENT

For manual washing of pots, pans, crockery and utensils.
Effectively removes grease and dried on soiling.

Size: 2x1.5L Code: EV1

Number: 2
Colour: Yellow
Symbol: Pentagon

HEAVY DUTY CLEANER & DEGREASER

A highly effective cleaner and degreaser for use where heavy soil and grease are evident. Can be used through a trigger bottle on exterior areas of equipment, including canopy hoods, fat fryers, cookers, canopy filters, stainless steel wall cladding and glazed tiles. Bucket fill option for floors, walls and general cleaning of hard surfaces.

Size: 2x1.5L Code: EV2

Size: 3x1L Code: EV2/1000

Size: 4x325ml Code: EV2/X2

Symbol: Circle

SURFACE CLEANER & SANITIZER

General purpose cleaner and sanitizer in one. Use in catering kitchen areas, food surfaces, microwaves, fridges, freezers, shelves, walls, ideal for use in hospital wards, nursing homes and washrooms. Passes BSEN1276, effective against MRSA, Listeria, Salmonella and E-coli at 20°C after 5 minutes contact time. Passes BS5929 (1984) triangle taint test. Non-tainting. Effective against C.Diff under BSEN13704.

Size: 2x1.5L Code: EV3

Size: 3x1L Code: EV3/1000

Size: 4x325ml Code: EV3/X2

Size: 6x750ml HD Refill Flask Code: EVF3

Number: 3
Colour: Pink/Blue
Symbol: Circle

DOUBLE AGENT SURFACE SANITIZER

Double Agent products are supplied in two colour coded formulations. Rotating the two products reduces the risk of bacteria developing resistance to the agents designed to destroy them. Passes BSEN1276 and is effective against MRSA, Listeria, Salmonella and E-coli at 20° after 5 minutes contact time. Passes BS5929 (1984) triangle taint test. Non-tainting to foodstuffs. For use in hospital wards, nursing homes, catering, kitchen areas and washrooms. Effective against C.Diff under BSEN13704.

Size: 2x1.5L Code: EV3DA

Size: 3x1L Code: EV3DA/1000

Size: 4x325ml Code: EV3DA/X2

Size: 6x750ml HD Refill Flask Code: EVF3DA

Number: 4
Colour: Aqua
Symbol: Cross

ANTIBACTERIAL POTWASH DETERGENT

For manual washing of pots, pans, crockery and utensils where an antibacterial action is required. Formulated to give excellent soil removal and foaming properties. The product passes British Standard BSEN1276. Effective against E.Coli under the European Suspension Test.

Size: 2x1.5L Code: EV4

Number: 5
Colour: Terracotta
Symbol: Footprint

PERFUMED FLOOR CLEANER

Evolution Floor Cleaner is a highly effective hard floor cleaner. Contains a floral perfume to neutralise odours, leaving areas clean and fresh. Ideal for use on marble and stone floors with polished or natural finishes. For use in reception areas, corridors, bathrooms, and more.

Size: 2x1.5L Code: EV5

Size: 3x1L Code: EV5/1000

Size: 6x750ml HD Refill Flask Code: EVF5

BATH & WASHROOM CLEANER

Antibacterial and descaling. Effectively removes natural oils, soap deposits and general soiling from baths, sinks, showers, WCs, tiles, glass screens and hard floor coverings. Helps prevent hard water deposits from forming on surfaces. Leaves a refreshing citrus fragrance to deodorise the room. Passes BSEN 1276. Effective against E Coli, Pseudomonas aeruginosa, Staphylococcus aureus and Enterococcus hirae after 5 minutes contact time.

- Size: 6x750ml HD Refill Flask Code: EVF11

MIXXIT

The Mixxit System allows for concentrated chemicals to be diluted at point of use. Unlike conventional systems, Mixxit requires no water connections, plumbing or electrical supply.

The diverse range of Mixxit products make it a complete cleaning solution that is cost effective and so easy to use. The simple dispensing method means you'll have a consistent cleaning solution every time.

SET DOSAGES

Product is dispensed one shot at a time to prevent over-use.

EASY TO USE

Just add water and a measured shot.

SAFETY IN USE

The system includes a fully lockable cabinet mounted on the wall for safety.

LOCKABLE CABINET

Safely stores all Mixxit concentrated products inside a lockable cabinet and stored off the floor preventing accidental spillages.

Open design allows you to clearly see when the product needs replacing.

Lockable Cabinet
Code: **ADS/625GB**

MIXXIT DISPENSER

The Mixxit dispenser allows for a controlled method of dispensing accurate doses of Mixxit concentrate.

Manufactured from high quality materials to withstand the test of time and ensure your product is dispensed safely and consistently.

FILLING ATTACHMENT

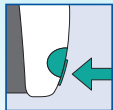

BUCKET FILL

Code: **ADS/624GB**

The bucket dispenser has an extension pipe which is installed at the right height above the selected bucket, allowing the product to flow directly into the water.

Fill empty bucket with fresh clean water.

Place bucket under dispenser nozzle and push button slowly to dispense concentrate.

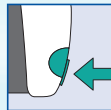

Agitate the solution gently to mix concentrate with the water.

Solution is now ready for use according to instructions on pack.

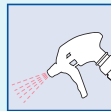

Fill empty refill flask with fresh clean water.

Place flask under dispenser nozzle and push button slowly to dispense concentrate.

Attach the trigger head and gently agitate solution to mix concentrate with the water.

Solution is now ready for use according to instructions on pack.

FLASK FILL

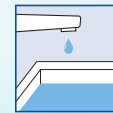

Code: **ADS/621GB**

A range of heavy duty 750ml bottles and trigger sprays with chemical resistant labels are available for selected products through this system.

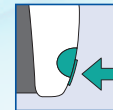

SINK FILL

Code: **ADS/623GB**

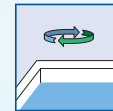

The sink dispenser is sited to ensure the delivery spout dispenses directly into the sink or bowl of water.

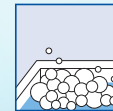

Fill empty sink with fresh clean water.

Angle dispenser nozzle into the sink and push button slowly to dispense concentrate.

Agitate the solution gently to mix concentrate with the water.

Solution is now ready for use according to instructions on pack.

MIXXIT

A complete cleaning solution, cost effective and easy to use.

The Mixxit System allows for concentrated chemicals to be diluted at point of use.

Requires no water connections, plumbing or electrical supply.

MULTI SURFACE CLEANER & DEGREASER

For use on all hard surfaces. Provides a high standard of cleaning and degreasing, especially in catering environments. Complies with BSEN 1276. Kills 99.99% germs in 30 seconds. Regulation [EC] No 396/2005 Maximum Residue Levels. The biocide in this product (Benzalkonium Chloride) has an MRL of 0.1 ppm, and therefore food preparation surfaces must be rinsed thoroughly with clean water after disinfection.

Size: 2x2L

Code: MXX521

Size: 6x750ml HD Refill Flask

Code: MXX521/F

SANITIZER

A food safe concentrated cleaner and sanitizer. An effective broad-spectrum bactericide. Contains a fungicide designed to kill bacteria, mould and mildew. Can be used as a sterilising liquid for all areas. Passes BS EN 1276:2009 at 1:50 dilution. Kills 99.99% germs in 30 seconds.

Size: 2x2L

Code: MXX532

Size: 6x750ml HD Refill Flask

Code: MXX532/F

PERFUMED MULTIPURPOSE CLEANER

A high performance product offering both cleaning, disinfecting and deodorising benefits. Designed for a wide variety of applications. It can be used on all hard surfaces, and may be applied using cloths, mops or floor scrubbers. Complies with BSEN1276, effective against Pseudomonas aeruginosa, Escherichia coli, Staphylococcus aureus and Enterococcus hirae killing 99.999% of bacteria after 5 minutes contact time.

Size: 2x2L

Code: MXX576

Size: 6x750ml HD Refill Flask

Code: MXX576/F

BATH & WASHROOM CLEANER

Formulated for frequent bath and washroom cleaning. An effective cleaner and descaler ideal for cleaning and descaling taps, baths, showers, ceramics, plastic and porcelain surfaces.

Suitable for all non-ferrous metals. After cleaning a fresh citrus fragrance remains, leaving rooms deodorized and clean.

Size: 2x2L

Code: MXX598

Size: 6x750ml HD Refill Flask

Code: MXX598/F

WINDOW & GLASS CLEANER

Formulated to give a sparkling, streak-free result. Removes a wide range of soilings including atmospheric grime, nicotine stains and finger marks.

Size: 2x2L

Code: MXX554

Size: 6x750ml HD Refill Flask

Code: MMX554/F

TOILET CLEANER

A toilet and urinal cleaner that removes soil and scale. A complete cleaner to give clean toilets and leave a refreshing citrus fragrance. Safe for use on stainless steel and porcelain.

Size: 2x2L Code: MXX619
Size: 12x500ml HD Bottles Code: MXX619/B

FLOOR MAINTAINER

Performs a two in one operation by cleaning and treating the surface. This treatment consists of a special blend of waxes which gives a highly polished finish when burnished with a polishing machine. The product can be used on sealed and non porous floors.

Size: 2x2L Code: MXX565
Size: 6x750ml HD Refill Flask Code: MXX565/F

AIR FRESHENER

Leaves a fresh, clean fragrance after every use.

Contains a biocide to remove airborne bacteria, banishes lingering smells such as tobacco smoke and stale air.

Size: 2x2L Code: MXX543
Size: 6x750ml HD Refill Flask Code: MXX543/F

WASHING UP LIQUID

For manual washing of pots, pans, crockery and utensils. Effectively removes grease and dried on soiling. Suitable for general cleaning and dishwashing in all kitchen situations.

Size: 2x2L Code: MXX587

PELICAN PUMP

This pump simply screws into the neck of the 2L bottle and provides a controlled dosing of 30ml of product to make dispensing easier. A 15ml restrictor is also available to reduce the amount per pump press.

Fits all Mixxit containers.

Size: x1 Code: PLB/SPD1620

2L WALL BRACKET

A high quality, high strength stainless steel bracket to store 2 litre bottles safely off the ground.

Can be used to quickly and easily create a cleaning station in any location suitable for your premises.

Size: x1 Code: PLB/SPD1611

CLEENOL MACHINE DISHWASHING PRODUCTS

RED LABEL WASHAID

Designed for use through commercial and industrial machine dishwashers, its powerful formulation removes the heaviest of soiling. Suitable for medium/hard water conditions.

Only to be used through approved Cleenol auto dosing systems. Not suitable for hand washing of crockery or utensils.

Health and safety warning – CORROSIVE.

Size: 2x5L Code: 020803/5LRS

Size: 10L Code: 020809RS

Size: 20L Code: 020203RS

GOLD LABEL WASHAID

Gold Label Washaid is a highly alkaline auto-dishwashing detergent specially formulated to provide excellent soil removal from crockery in both soft and hard water conditions. Intensive cleaning action rapidly removes fats, starch and proteins. Highly concentrated formula gives greater economy in use. Special ingredients prevent scaling of the dish washing machine – even in hard water conditions. Wherever tannin stains are a problem and ordinary products do not work, Gold Label Washaid may be used to rapidly remove built up stains without the need for extra products.

Size: 2x5L Code: 020792X5

Size: 20L Code: 020799

BLUE LABEL WASHAID

Performs well in soft to medium water conditions. It is suitable for the washing of crockery and cutlery in both hard water and soft water areas. The non-foaming liquid is designed for use only in machine dishwashers using the Cleenol Automatic Dosing System (ADS).

Not to be used for hand dishwashing.

Size: 2x5L Code: 020778/5RS

Size: 10L Code: 020278RS/10RS

Size: 20L Code: 020278RS

SOFT WATER WASHAID

A machine dishwashing liquid that effectively removes stains from ceramics, porcelain, china and crockery. Recommended for use in soft water. Not suitable for hard water unless a water softener is installed. May be used wherever low foaming properties are required. Suitable for use in all types of dishwashing machines. Not for use on silver cutlery.

Size: 2x5L Code: 020697/2X5

Size: 10L Code: 020697/10

Size: 20L Code: 020297RS

YELLOW LABEL WASHAID

(LOW HAZARD CLASSIFICATION)

Formulated to maintain the performance of the wash but without a "corrosive" classification. This low alkaline product is especially useful for use in septic tanks and reed beds as it has a minimal impact on the bacterial cultures. Suitable for the washing of crockery, cutlery and glassware. The product is designed for use only with Cleenol automatic dosing systems. Safe for use on aluminium.

Size: 2x5L Code: 020784/2X5RS

Size: 20L Code: 020284RS

SOFT WATER YELLOW LABEL WASHAID

A machine dishwashing liquid that effectively removes stains from ceramics, porcelain, china and crockery. Recommended for use in soft water i.e. water containing less than 100ppm hardness. Not suitable for hard water unless a water softener is installed. May be used wherever low foaming properties are required. Suitable for use in all types of dishwashing machines. Not for use on silver cutlery.

Size: 2x5L Code: 020702

Size: 20L Code: 020713

RINSEAID

To be used in conjunction with Cleenol Washaid through approved Cleenol auto dosing equipment.

Ensures the rapid drying of crockery to a streak-free, sparkling finish. Handy 500ml bottle is now available.

Size: 12x500ml	Code: 020812/12
Size: 2x5L	Code: 020812RS
Size: 10L	Code: 02081TRS
Size: 20L	Code: 020211RS

BLUE LABEL RINSEAID

Ensures the rapid drying of crockery to a streak-free, sparkling finish. Contains an anti-scaling agent to help prevent the build-up of scale in the rinse section. The product is added to the final rinse stage of the dishwashing cycle.

Designed only for use in dishwashers via the Cleenol Automatic Dosing System (ADS).

Size: 2x5L	Code: 020811BL/5RS
Size: 10L	Code: 020811BL/1ORS
Size: 20L	Code: 020237RS

QUANTURA 200 DISHWASHING DOSING SYSTEM

A peristaltic pump dosing system for dosing dishwash detergent and rinse aid into a wide variety of commercial dishwashers including conveyor/flight, hood and door type dishwashing machines. This system also provides the option to incorporate an additional, third peristaltic pump for dosing sanitiser.

One system for Probe Mode, Probeless Hood Mode, Probeless Tunnel Mode. Includes pump status lights and on/off indication light and a full text LCD in nine languages plus secure access code.

Size: x1	Code: ADS/QD200-BTCD9
----------	-----------------------

DISHWASHING TABLETS

These dishwasher tablets are an all in one solution which combines detergent, rinse aid and salt in an individually wrapped tablet.

Formulated for use in domestic dishwashers.

Size: 100x20g Tablets	Code: 022221/100
-----------------------	------------------

CASCADE DISHWASHING POWDER

Suitable for domestic and commercial dishwashing machines where a separate rinse additive is used. Possesses excellent food soiling removal properties. Manual dosing for controlled economy. Suitable for crockery, utensils and glassware.

Size: 12.5kg	Code: 031235
Size: 5kg	Code: 031235/5

WATER SOFTENER SALT

For use in water softening units and for some dishwashing systems.

Brickettes	Code: 083180
Size: 10kg	

Granulite Salt	Code: 083193
Size: 3x3kg	
Size: 10kg	Code: 08318GRAN

5L STAINLESS STEEL WALL BRACKET

A high quality, high strength stainless steel bracket to store 5 litre bottles safely off the ground.

Can be used to quickly and easily create a cleaning station.

Size: x1	Code: 5LWB

SAPPHIRE LAUNDRY LIQUID

A premium concentrated fully built biological phosphate-free product. Pleasantly fragranced with optical brightening agents to keep colours looking bright and fresh. The product can be used either through approved automatic dosing equipment or may be fed manually through the hopper or roller ball. Compatible with Ozone systems.

Size: 2x5L Code: CRZZ2X5
 Size: 10L Code: CRZZ10
 Size: 20L Code: CRZZ20

PEARL 35 LAUNDRY LIQUID

A synergistic blend of surfactants, anti-redeposits, optical brightening agents, water softeners and enzymes. It is a fully built structured liquid. Safe to use with Ozone disinfection laundry systems. Cleans effectively without affecting the germ killing power of Ozone. Designed to be used through an automatic dosing system. Can be used in conjunction with Crystalbrite Low Temperature Destain or Crystalbrite Premium Destain 35.

Size: 10L Code: CYP35/10
 Size: 20L Code: CYP35/20

AQUAMARINE LAUNDRY LIQUID

A biological liquid detergent which has been designed for most types of soiling. Suitable for use as a one-shot product or in conjunction with an additional stain remover such as Crystalbrite Destain or Alkaline Boost.

Size: 2x5L Code: CRAQ5
 Size: 10L Code: CRAQ10
 Size: 20L Code: CRAQ20

ACTIVE UNPERFUMED LIQUID LAUNDRY DETERGENT

A synthetic liquid detergent for use on laundry intended for food preparation areas. Leaves clothes clean, soft and fresh. Use rates may vary according to the type and amount of soil present and whether it is being used as a one-shot product or in conjunction with an additional stain remover such as Crystalbrite Destain or Alkaline Boost.

Size: 10L Code: CRLD1U/10

ACTIVE BIOLOGICAL LAUNDRY LIQUID

A biological liquid detergent which has been designed for most types of soiling. The product has excellent stain removal properties even at temperatures as low as 30°C, which greatly reduces or eliminates the need for re-washing or pre-soaking.

Size: 2x5L Code: CRLAB/5

ACTIVE NON BIOLOGICAL LAUNDRY LIQUID

A synthetic non-biological liquid detergent with effective stain removal properties. Leaves clothes clean, soft and fresh. Use rates may vary according to the type and amount of soil present and whether it is being used as a one-shot product or in conjunction with an additional stain remover such as Crystalbrite Destain or Alkaline Boost.

Size: 2x5L Code: CRLD1/5
 Size: 10L Code: CRLD1/10
 Size: 20L Code: CRLD1/20

BOOST ALKALINE WASH ADDITIVE

A liquid laundry alkaline detergent booster containing a highly concentrated blend of inorganic alkalis. Use in conjunction with Active Liquid Laundry Concentrate to effectively boost cleaning performance. Eliminates the need for separate pre-soaking of heavily soiled garments.

Size: 10L Code: CRLDP/10
 Size: 20L Code: CRLDP/20

LAUNDRY EMULSIFIER

Added to the main wash to break down oils and fats. Typical applications would be the removal of sun tan oils, spa oils, make up and massage oils from towels and robes. Also effective on animal fats such as milk and cream, chefs whites and tea towels.

Size: 20L Code: 085778

NEW CONCENTRATED LAUNDRY EMULSIFIER

Size: 20L Code: 085789

LAUNDRY SOUR

A high quality blend of organic acids, optical brighteners and blue whiteners combined with wetting agents. Designed for use in commercial laundries and suitable for any fabric.

It may be added to the final rinse to neutralise alkali present in rinse-water and on fabric, and will consequently prevent yellowing and fabric damage.

Size: 20L Code: CRSOUR/20

SUPREME FABRIC SOFTENER

A luxury concentrated formulation that leaves clothes feeling both fresh and soft. Persistent Fragrance Technology slowly releases fragrance long after washing and drying. Contains a built-in antistatic agent, making ironing easier and prolonging fabric life.

Size: 2x5L Code: CRLD9/5

Size: 10L Code: CRLD9/10

Size: 20L Code: CRLD9/20

CARE FABRIC SOFTENER

Designed to leave clothes fresh and clean, Crystalbrite Fabric Conditioner gives a soft luxurious fluffy feel to your clothes, making ironing easier and prolonging fabric life. A new longer lasting perfume gives a fresh clean aroma, even after storage. Contains a built-in antistatic agent.

IMPORTANT: DO NOT USE ON KYLIES

Size: 2x5L Code: CRLD3/5

Size: 10L Code: CRLD3/10

Size: 20L Code: CRLD3/20

JASMINE FABRIC SOFTENER

A luxury concentrated viscous formulation leaves clothes fresh and soft, with a deep luxurious feel. Contains a built-in antistatic agent, making ironing easier and prolonging fabric life. A pleasant jasmine perfume gives a refreshing and lasting scent to the wash.

Size: 2x5L Code: CRLDX/5

Size: 10L Code: CRLDX/10

Size: 20L Code: CRLDX/20

LAUNDRY WHITENER

A laundry destainer specially formulated for use on all types of white fabric. For use in commercial, healthcare and on-premise laundries. An effective low temperature whitener. Can be applied on all types of white fabric, and articles with chlorine compatible dyes such as hospital theatre linen. Used for removal of bleachable stains. To be used only through Cleenol Automatic Dosing Systems.

Size: 10L Code: CRSH/10

DESTAIN PLUS

A concentrated solution of hydrogen peroxide oxidising agent. Provides a high level of stain removal. May be used to remove bleachable stains which cannot be treated with chlorine based bleaches due to the risk of colour removal and fabric damage. Also highly effective for the treatment of mildew.

Size: 10L Code: CRLD2X/10

Size: 20L Code: CRLD2X/10

DESTAIN PREMIUM 35

A concentrated solution of hydrogen peroxide, it is colour safe and effective on proteins. Works at washing temperatures of 40°C+ at which point it releases an oxygen based bleach to enhance whiteness. May be used to remove bleachable stains which cannot be treated with chlorine based bleaches due to the risk of colour removal and fabric damage. Also effective for the treatment of mildew.

Size: 10L Code: CRDESTAIN35/10

Size: 20L Code: CRDESTAIN35

LOW TEMPERATURE DESTAIN

An effective oxygen-based low temperature liquid destainer, which removes stains even at temperatures as low as 20°C, saving energy and reducing wash times. Gentle on fabrics compared with other laundry destain products. Suitable for both white and coloured fabrics. Has broad antibacterial, virucidal and fungicidal activity at 20°C. Complies with BSEN1276 and BSEN13697. Kills 99.999% germs in 5 minutes at 20°C.

Size: 10L Code: CRLTD/10

CRYSTALBRITE NON-BIOLOGICAL LAUNDRY POWDER

A non-biological machine laundry powder where built-in enzymes are not required. Contains an optical brightening agent to give a brighter wash. Resealable bucket to maintain product in perfect condition.

Contains up to 100 washes.

Free dosing cap supplied in each pack.

Size: 6.8kg

Code: CY921/9

CRYSTALBRITE BIOLOGICAL LAUNDRY POWDER

A high quality industrial biological washing powder. Effectively removes blood, urine, perspiration stains and other body soilings. Resealable bucket to maintain product in perfect condition.

Contains up to 100 washes.

Free dosing cap supplied in each pack.

Size: 6.8kg

Code: CY917/9

OXY-CLEEN STAIN REMOVER

Designed to be used in conjunction with your normal powder or liquid product. Contains an oxygen bleach system, which, at high temperatures, exerts a positive soil lifting action on organic stains without any adverse effects on the fabric. Specially formulated for pre-soaking prior to normal washing as an aid to washing efficiency. Can also be added to the main wash as a boost to stain removal or afterwards for re-soaking.

Size: 5kg

Code: 020810/5

Size: 10kg

Code: 020810/10

GEMINI NON-BIOLOGICAL LAUNDRY POWDER

A controlled low foam lather non biological detergent washing powder suitable for all washing machines and water conditions. Suitable for hand washing.

Size: 10kg

Code: 031107

GEMINI BIOLOGICAL LAUNDRY POWDER

A controlled low foam lather biological detergent washing powder suitable for all washing machines and water conditions. Suitable for hand washing.

Size: 10kg

Code: 031118

CRYSTALBRITE BIO SOAK AND PREWASH POWDER

Specialist enzyme presoak powder for difficult soilings.

Pack Size: 12.5kg

Code: CRLDBP

CRYSTALBRITE OXYGEN DESTAIN

Manual wash booster for problem stains and presoak.

Pack Size: 25kg

Code: 032369

CRYSTALBRITE BIO AND BLEACH

Specialist enzyme presoak powder for difficult soilings.

Pack Size: 25kg

Code: 032358

CRYSTALBRITE T-FORCE

An effective industrial grade general purpose non biological laundry powder.

Pack Size: 25kg

Code: 032342

AUTOMATIC DOSING SYSTEM (ADS) FOR CRYSTALBRITE LAUNDRY LIQUIDS

The Cleenol ADS is an automatic dosing system that feeds liquid laundry chemicals from the drums via a wall mounted pump feeding directly into the laundry machine at the correct point of the wash/rinse cycle. It ensures the correct dosage for any chemical to be dispensed for any given stage within the wash process.

CRYSTALBRITE HI POWER BLEACH

Enhances whitening as part of a wash cycle. For use on whites only.

Pack Size: 25kg

Code: 032370

CRYSTALBRITE ALKALI BOOST

Boosts cleaning performance to remove stubborn soiling.

Pack Size: 25kg

Code: 032381

LAUNDRY PROCEDURES CHART

A high quality laminated laundry chart to compliment your laundry products.

Affix onto a wall where your laundry equipment is situated for an easy quick reference guide to laundry procedures.

CLEENOL SERVICE SUPPORT TEAM

Cleenol provides a National Service Support Team of Engineers to install, commission and calibrate auto dosing equipment. Our engineers also provide regular service check-ups and service reports. A 48-hour response call facility is available.

CLEENZYME URINAL CLEANER & DEODORISER

An enzyme product which dispels urine odours from surfaces, e.g. floors, grouting, wall tiles and urinals. Prevents the build-up of uric acid scale. Ideal for use in urinal bowls, channel urinals and surrounding walls and floors. Leaves a refreshing vanilla fragrance.

Size: 2x5L Code: 083458

Size: 6x500ml Code: 083399

Size: 6x750ml HD Flask Code: 056775

Cleenol developed the Cleenzyme range to provide an effective solution for the cleaning and general hygiene of problematic surfaces and areas.

Specially selected enzymes contained within each product have been tested thoroughly to ensure that each product performs every time.

Enzymes actively digest a wide range of organic matter at a microscopic level, completely removing it whilst providing superior odour control.

Cleenzyme products are suitable for use in urinals, drains, pipes and surfaces including carpets and hard floors.

Cleenzyme products can also be used in environments where septic tanks are in use.

CLEENZYME AUTOFEED ENZYME DRAIN MAINTAINER

Contains a specially selected blend of concentrated non-toxic natural microbes that effectively digest oils, fats, grease and other organic matter blocking or impeding drainage systems or grease traps. It is a totally natural product and is not harmful to the environment. Use through approved Cleenol battery/mains dosing unit.

Size: 2x5L Code: 083369UN

CLEENZYME ENZYME DRAIN MAINTAINER

Contains a specially selected blend of concentrated non-toxic natural microbes that effectively digest oils, fats, grease and other organic material blocking or impeding drainage systems or grease traps. Built-in dosing cap for easy dispensing.

Size: 3x1L Code: 082853

Size: 6x1L Code: 082673

CLEENZYME LIQUID ENZYME DIGESTER

Removes stale odours from urine, vomit and food spills. For use on carpets, upholstery and fabrics. May be used in carpet extraction machines. Concentrated formula makes up to 20 litres.

Size: 6x1L Code: 08284X/6

Size: 2x5L Code: 08284/2X5

Size 6x750ml HD Flask Code: 056732/6

CLEENZYME HAIR DEGRADER

Regular use of Cleenzyme Hair Degradar effectively removes hair and body fat build-up in drains and sink plug holes. It removes the source of smells and eliminates the cause of blockages and other drainage problems. Contains up to 20 doses.

Size: 6x1L Code: 083444/6

TIMED DOSING UNIT

Automatic dosing, dilution and application hardware is available from Cleenol to enable products to be cost-effectively diluted and applied.

These units can be powered via mains or there is a battery operated version where a mains connection isn't available.

Size: Battery Power x1 Code: ADS/BODD

Size: Mains Power x1 Code: ADS/MODD

CLEENZYME ENZYME TOILET BLOCKS

An active biological urinal deodorizer and freshener scented with lemon. Friendly bacteria break down the malodours often encountered in lavatories, removing the solids that cause blockages and washroom odours.

Size: 1x1.1kg Code: 08290T

DID YOU KNOW THAT THE ENTIRE CLEENZYME RANGE IS ENVIRONMENTALLY FRIENDLY?

At Cleenol, we take our responsibility to the environment very seriously. We recognise that concern for the world around us should be an integral and fundamental part of our business and we are committed to minimising the impact of our products and services on the environment.

Each product in the Cleenzyme Range has been formulated to minimize the impact on the environment. They utilise raw materials from renewable resources, are fully biodegradable and use recycled or recyclable packaging.

CLEENOL WASHING UP LIQUIDS & DETERGENTS

WHITE SPOT CONCENTRATED LEMON DETERGENT

A high quality 20% active detergent with added lemon to effectively break down food soils, leaving crockery and cutlery squeaky clean.

Size: 2x5L Code: 021412X5

Size: 20L Code: 021419/20

CONCENTRATED DETERGENT

Designed for commercial contract manual dishwashing. A high active 20% green detergent that out-performs standard detergents. Ideal for large industrial wash sinks. Concentrated formula for increased economy.

Size: 2x5L Code: 021432X5

Size: 20L Code: 021433/20

CONCENTRATED GERMICIDAL DETERGENT

A manual high active 20% pot washing detergent containing an effective bactericide to kill micro-organisms and prevent cross-infection. The product has efficient degreasing properties and may be used for cleaning food storage areas and preparation surfaces. Complies with BSEN1276 when used neat with a 5 minute contact time. Effective against pseudomonas aeruginosa, escherichia coli, staphylococcus aureus and enterococcus hirae.

Size: 2x5L Code: 021722X5

Size: 20L Code: 021721/20

IMPERIAL BACTERICIDAL DETERGENT

A low foaming blend of biodegradable detergents and approved bactericide for use in all catering establishments for the effective cleaning/sterilisation of utensils and work surfaces. Complies with BSEN1276, effective against Pseudomonas aeruginosa, Escherichia coli, Staphylococcus aureus and Enterococcus hirae, killing 99.9% of germs with a 3 minute contact time.

Size: 2x5L Code: FS2018/2

Number: 4
Colour: Aqua
Symbol: Cross

ANTIBACTERIAL POTWASH DETERGENT

For manual washing of pots, pans, crockery and utensils where an antibacterial action is required. Formulated to give excellent soil removal and foaming properties.

The product passes British Standard BSEN1276. Effective against E.Coli under the European Suspension Test.

Size: 2x1.5L Code: EV4

Number: 1
Colour: Green
Symbol: Triangle

POT WASH DETERGENT

For manual washing of pots, pans, crockery and utensils.

Effectively removes grease and dried on soiling.

Size: 2x1.5L Code: EV1

LIQUID DETERGENT

A multipurpose highly effective 10% hand dishwashing detergent produced to complete the range. A low-cost powerful performance product.

Size: 2x5L Code: 020852X5

Size: 20L Code: 020854/20

WASHING UP LIQUID

An effective 15% hand dishwashing detergent for washing up crockery and utensils. Removes grease with ease for perfect wash results every time.

Size: 12x1L Code: 02082X

Size: 2x5L Code: 020822X5

Size: 20L Code: 02082T/20

CLEAR STRONG WASHING UP LIQUID

A concentrated formulation designed to cut through heavy grease and grime. For the manual washing of pots and utensils. Contains no unnecessary perfumes or dyes and is clear in colour.

Formulated from renewable resources including vegetable derived surfactants and betaines. pH balanced to neutral.

Size: 2x5L Code: 021215

Size: 12x1L Code: 021232

Size: 6x500ml Code: 021246

LEMON DETERGENT

A pleasantly perfumed 10% detergent for general cleaning and dishwashing in all catering and kitchen environments.

Size: 2x5L Code: 020838

Size: 20L Code: 020838/20

HIGH ACTIVE WASHING UP LIQUID

A high quality concentrated 30% active detergent to effectively break down food soils, leaving crockery and cutlery squeaky clean.

Size: 2x5L Code: 021502X5

ORANGE STRONG WASHING UP LIQUID

A concentrated formulation with a refreshing orange scent designed to cut through heavy grease and grime. For the manual washing of pots and utensils. Fast and complete biodegradability with minimal impact on the environment. Not tested on animals.

Size: 12x1L Code: 020896

Size: 2x5L Code: 020902

TEEPOL MULTIPURPOSE DETERGENT

A high quality green washing up liquid which will not tarnish silver or aluminium ware and leaves a smear-free surface.

Suitable for multiple purposes.

Size: 5L Code: 010013

HEAVY DUTY CLEANER

A highly effective biodegradable general purpose degreasant cleaner.

Non-perfumed and therefore ideal for cleaning in food preparation areas.

Can also be used for commercial deep fat fryers, walls, floors and canopy filters.

Size: 2x5L Code: 082HDC2X5

Size: 20L Code: 082HDC20

INDUSTRIAL HEAVY DUTY CLEANER

A hard surface cleaner capable of an enormously wide range of cleaning jobs, from interior paintwork, the cleaning of oily residues, removal of clay and oil from heavy earth moving equipment. Non perfumed and safe to use where food is processed.

Size: 2x5L Code: 086984

BACTERICIDAL MULTIPURPOSE CLEANER

Provides a high standard of cleaning, degreasing and disinfection for a wide variety of applications, e.g. floors, walls and equipment etc. Also for cleaning the interiors of food delivery vehicles. Can be used through pressure washer equipment. Complies with the European Suspension Test (BSEN1276) when diluted 1:50 (2%) after a contact time of 5 minutes, effective against *Listeria*, *salmonella typhimurium*, *pseudomonas aeruginosa*, *E. coli*, *staphylococcus aureus* and *E. hirae*. It has also been tested under BSEN1276 and found to kill 99.9% of germs within 30 seconds when diluted 2%. Effective against MRSA under BSEN 13697.

Size: 20L Code: 083456/20

Size: 2x5L Code: 083452X5

Size: 6x750ml HD Flask Code: 083456/6F

ORANGE PERFUMED HEAVY DUTY CLEANER

Orange scented. For use on hard surfaces such as paintwork and plastic. Suitable for safety floors.

Can be safely used in floor cleaning equipment and low pressure sprayers.

Not suitable for use in food preparation areas.

Size: 2x5L Code: 082PHD5

HARD SURFACE CLEANER

A general purpose degreaser formulated to remove oil and grease from concrete, tiled floors and walls.

Ideal for a variety of cleaning applications.

Size: 2x5L Code: 082702X5

BROAD SPECTRUM SANITIZER

An odourless non-tainting skin and surface sanitizer designed for frequent use. Contains the powerful but safe and nontoxic biocidal preparation Sterizar®. Ideal for use on skin when entering food production areas, or before handling food. Food safe.

Complies with BSEN13697 killing 99.99% *E.coli* and MRSA germs in 30 seconds. Complies with BSEN1276, BSEN1275 Fungicidal Activity, BSEN1656 Chemical Disinfectant used in Veterinary Area, BSEN14348 Mycobacterium in Medical Area, passes BSEN1500 Hygienic Hand Rub test. Effective against, Norovirus, MRSA, *E. coli*, Legionella, *Clostridium difficile*, Salmonella and *Listeria*. Residual biocidal activity kills 99% bacteria after 6 hours use on hands.

Size: 6x750ml Code: 064SZ750

Size: 2x5L Code: 064SZ5

Size 6x750ml HD Flask Code: 064SZR

PERFUMED BACTERICIDAL MULTIPURPOSE CLEANER

A high quality performance, front of house product providing a high standard of cleaning, degreasing and disinfection. Designed for a wide variety of applications, e.g. the cleaning of floors, walls and surfaces, etc. Its built-in residual antistatic properties protect from the risk of static. Can be used through a pressure washer or foaming equipment. Complies with BSEN1276 and is effective against MRSA, e.coli and salmonella at a 2% dilution (1:50).

Size: 2x5L Code: 083469/R
Size: 6x750ml HD Flask Code: 056721/6

CHLORINATED POWDER SANITIZER

A free flowing blue powder for the cleaning, sanitizing and deodorising of food preparation surfaces and internal components of vending machines. Will remove stains from chopping boards and toilet bowls.

Complies with BSEN1276 (European Suspension Test) at 1% dilution and has been found to kill 99.99% of Pseudomonas aeruginosa, E. coli, staphylococcus aureus and E. hirae after a contact time of 30 seconds.

Size: 12x500g Code: 031166/500G
Size: 12.5kg Code: 031166

SPRAY CLEANER WITH BACTERICIDE

Provides quick, easy cleaning and sanitizing for all food preparation surfaces, microwaves, chopping boards, cupboards, fridges and freezers. Non-tainting. Conforms to BSEN1276 and EN13697 and is effective against pseudomonas aeruginosa, escherichia coli, staphylococcus aureus and enterococcus hirae after 5 minutes. Also tested under BSEN1276 killing 99.99% of germs within 30 seconds.

Size: 2x5L Code: 053212X5
Size: 6x750ml Code: 057549
Size: 6x500ml Code: 053196
Size: 6x750ml HD Flask Code: 056542/6

IMPACT ANTIBACTERIAL HARD SURFACE CLEANER

A 3 in 1 cleaner designed to clean, sanitize, and deodorise in one operation. Removes a wide range of soils from hard surfaces, leaving them clean and safe. Contains a light floral fragrance.

Approved and tested against the MRSA killing 99.9999% of bacteria.

Size: 2x5L Code: 082777
Size: 6x750ml Code: 082769

LIQUID SANITIZER

A low foaming liquid detergent for the effective cleaning and disinfection of surfaces and equipment in food contact areas.

May also be used for hand dishwashing.

Complies with BSEN1276 (European Suspension Test) at 1% dilution with a contact time of 5 minutes. Effective against pseudomonas aeruginosa, escherichia coli, staphylococcus aureus and enterococcus hirae.

Size: 2x5L Code: 020982X5

TANNIN REMOVER

A multi-component powder designed for the removal of tea and coffee stains.

For use on china, plastic, melamine, stainless steel, chrome and most metals (except aluminium).

Size: 3.5kg Code: 082726
Size: 12.5kg Code: 082734

LIQUID TOILET CLEANER

Designed to combat the build-up of scale in both medium and hard water areas, Liquid Toilet Cleaner effectively cleans and deodorises, leaving a fresh pine fragrance.

May safely be used on porcelain and stainless steel.

Ideal for every day use.

Size: 2x5L Code: 082942X5

Size: 12x750ml Code: 082939/12

ACID TOILET CLEANER

A heavy duty descaler to effectively remove encrusted limescale deposits from ceramic surfaces, WCs and shower cubicles.

A hydrochloric based product which ensures rapid scale removal.

Not suitable for use on stainless steel or chrome.

Size: 2x5L Code: 08282X5

Size: 6x1L Code: 082921/6

APPLE TOILET CLEANER

A highly perfumed, viscous green toilet cleaner with an effective descaling action that leaves toilets clean and deodorized.

May safely be used on porcelain and stainless steel.

Ideal for everyday use.

Size: 2x5L Code: 082962X5

Size: 12x750ml Code: 082966

CITRIC TOILET CLEANER

Formulated from renewable resources including fruit based acid.

A complete cleaner that removes lime and scale leaving toilets clean and with a refreshing floral fragrance. The product is biodegradable, contains no phosphates and has minimal impact upon the environment.

This product has not been tested on animals.

Size: 2x5L Code: 058178

Size: 12x750ml Code: 058189

SANITARY FLUID

A concentrated blue liquid with a refreshing pine fragrance.

Keeps chemical toilets healthy and prevents unpleasant odours. Fully biodegradable. Complies with the European Suspension Test (BSEN1276) and is effective against pseudomonas aeruginosa, escherichia coli, staphylococcus aureus and enterococcus hirae with a contact time of 5 minutes.

Size: 2x5L Code: 06272X5

TOILET DESCALER

Toilet Descaler is designed for use where the removal of heavy limescale is required. A high active phosphoric acid based formulation, safe for use on stainless steel, ferrous metals and ceramics. Contains a fresh invigorating fragrance.

Size: 12x750ml Code: 082940

Size: 2x5L Code: 082952X5

TOILET MAINTAINER

A purple viscous liquid formulated to meet the need for a product that freshens, sanitizes and deodorises toilets.

May safely be used on porcelain and stainless steel. Contains an invigorating herbal fresh fragrance. Ideal for every day use.

Size: 12x750ml Code: 08298T

Size: 2x5L Code: 082982X5

CLEENZYME URINAL CLEANER & DEODORISER

An enzyme product which dispels urine odours from surfaces, e.g. floors, grouting, wall tiles and urinals. Prevents the build-up of uric acid scale. Ideal for use in and around urinal bowls, channel urinals and surrounding walls and floors. Leaves a refreshing vanilla fragrance.

Size: 2x5L Code: 083458

Size: 6x500ml Code: 083399

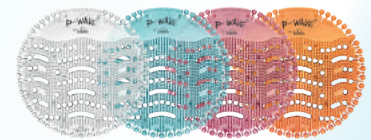

CLEENZYME ENZYME TOILET BLOCKS

An active biological urinal deodorizer and freshener scented with lemon.

Friendly bacteria break down the malodours often encountered in lavatories, removing the solids that cause blockages and washroom odours.

Size: 1x1.1kg Code: 08290T

P-WAVE URINAL SCREEN

The P-Wave Urinal Screen 1.5 is a highly fragranced urinal deodorizer screen and provides 30 days of continuous fragrance to keep urinals smelling clean and fresh.

Available in 4 fragrances.

Size: x10 Mango Code: 082110

Size: x10 Honeysuckle Code: 082121

Size: x10 Ocean Mist Code: 082132

Size: x10 Spiced Apple Code: 082143

NEW

BLUE FLUSH CISTERN BLOCKS

An automatic WC freshener and cleaner. Simply put into the WC water tank, wait until the water turns blue and flush as normal.

Lasts up to 30 days.

Size: 24x50g Code: 082BLUE

NEW

CLIP ON TOILET BLOCKS

Designed to be clipped to the inside of the toilet bowl.

Releases a pleasant floral perfume after each flush, leaving the toilet fresh and clean.

Size: 24 Blocks Code: 082899/24

PDCB FREE TOILET CUBES

PDCB Free Toilet Cubes are water soluble and do not evaporate like normal blocks.

Does not contain harmful PDCBs, which makes them safer to use, even where children are present.

Pack Size: 3KG Order Ref: 082902

CLEENOL CHANNEL BLOCKS PDCB FREE

A long lasting larger toilet deodorising block for use in channel and single urinals.

PDCB free and freshens the urinal bowl.

Size: 36 Code: 082903

CLEENAIR RANGE

High quality perfumed air fresheners that are effective, long lasting and economical.

A quick spray rapidly dispels odours leaving a pleasant long lasting fragrance that enhances any work or leisure environment. Atomises instantly and completely so does not 'rain' and will not stain fabrics when used in accordance with the directions.

Ideal for the freshening of hotel corridors, washrooms and reception areas.

Available in a wide variety of fragrances to suit any environment.

Size: 2x5L

Code: 053497XP

Size: 6x750ml

Code: 057606

OTHER PERFUMES AVAILABLE IN THIS RANGE

CLEENOL CABINET GLASSWASH

For use in enclosed cabinet auto-glasswashing machines. Neutral formulation. Suitable for medium to hard water areas.

Use in conjunction with Cleenol Rinsebite to enhance the visual quality of the cleaned glasses.

Size: 2x5L Code: 021862X5

RINSEBRITE

A clear blue liquid for the final washing sequence. Facilitates efficient flash drying in cabinet auto-glasswashing machines.

Use in conjunction with Cleenol Cabinet Glasswash for best results.

Size: 2x5L Code: 020932X5

BEER PIPE CLEANER

A concentrated and highly effective cleaner for the maintenance of beer lines. Not for use in brass beer engines. Use only in diluted form and in cleaning containers supplied by the brewery.

Use a fresh solution every time. Always follow the equipment manufacturer's guidelines.

Size: 2x5L Code: 0209682X5

PURPLE BEER LINE CLEANER

A powerful blend of caustic alkalines and chlorine based bleaching agent.

Also contains a colour indicator to signify when the product is exhausted.

Size: 2x5L Code: 02099P

SOFT WATER CABINET GLASSWASH

Designed for the cleaning of drinking glasses in enclosed, automatic glasswashing machines. Only suitable for soft water areas or where an inline water softener is installed.

Use in conjunction with Cleenol Rinsebite to enhance the visual quality of the cleaned glasses.

Size: 2x5L Code: 02185W

HAND GLASSWASH

A concentrated hand glasswash cleaner containing a biocide for glass sterilisation.

Contains a built-in drying agent that aids streak-free results. Does not affect beer head retention.

Effective against pseudomonas aeruginosa with a 5 minute contact time.

Size: 2x5L Code: 020922X5

LIQUID MACHINE GLASS RENOVATOR

A highly alkaline detergent specially formulated to renovate glasses, removing protein and fatty films which cause clouding. Effective in both hard and soft water conditions, and at low temperatures. Special ingredients prevent scaling of the dish washing machine even in hard water areas.

Highly concentrated formulation gives greater economy in use.

Size: 2x5L Code: 0207GRL

GLASS RENOVATING POWDER

A powdered detergent formulated for the refurbishment of drinking glasses, especially to remove rinse aid film. Also for the pre-treatment of new drinking glasses to remove all traces of chemicals used in manufacture, especially mould release agents. In both cases, the head retention and lacing characteristics of beers will be maximised since. This formulation is recommended for use in pubs by all the major breweries.

Size: 10kg Code: 029635

SPRAY CLEANER WITH BACTERICIDE

Quick, easy cleaning and sanitizing for all food preparation surfaces, microwaves, cupboards, fridges and freezers. Non-tainting. Conforms to BSEN1276 and EN13697 after 5 minutes. Kills 99.99% of germs within 30 seconds.

Size: 2x5L	Code: 053212X5
Size: 6x750ml	Code: 057549
Size: 6x500ml	Code: 053196
Size: 6x750ml HD Flask	Code: 056542/6

OPTIC CLEANER

For effective cleaning and removal of proteins, starches and sugars from glass and plastic optics.

Always follow the cleaning guidelines.

Size: 6x1L	Code: 083212/6
------------	----------------

SILVER WASH

Designed for use on silver-plated or sterling silver cutlery, small ornaments, jewellery, etc.

Can also be used on 9 and 14 carat gold where the silver and copper alloys may tarnish, creating a "bloom".

Size: 2x5L	Code: 136335UN
------------	----------------

STAINLESS STEEL POLISH

Non-aerosol trigger pack.

Contains mineral oil to leave stainless steel surfaces with a mirror finish.

Size: 6x500ml	Code: 053699
Size: 6x750ml	Code: 053688
Size: 2x5L	Code: 053699/5

STAINLESS STEEL CLEANER

For use on all stainless steel surfaces, including fridges, hobs and sinks. Easy to use, lifting away dirt and grease effortlessly, leaving an incredible shine.

Size: 12x400ml	Code: 052134
----------------	--------------

BRASSO

Removes stains from metal surfaces. Cleans, polishes and protects. For use on aluminium, brass, bronze, chrome, copper, pewter and stainless steel.

Size: 8x175ml	Code: 136255
---------------	--------------

BRASSO METAL WADDING

Easy to use impregnated wadding that cleans and removes tarnish from brass, copper, chrome and stainless steel.

Size: x6	Code: 136250/6
----------	----------------

SHINE ALL PURPOSE METAL POLISH

Cleans, restores and polishes metal surfaces. Protects against corrosion and tarnishing.

Size: 1x100g	Code: 083922
--------------	--------------

COMBAT DOUBLE AGENT BACTERICIDAL MULTIPURPOSE CLEANER

Reduces the risk of disinfectant resistant bacteria. Two colour-coded formulations, each contains a different disinfection system. Rotating the two products reduces the risk of bacteria developing resistance. A highly effective, non-perfumed hard surface cleaner and sanitizer. Complies with BSEN1276 and BS5929.

Size: 6x750ml HD Flask **Code:** 083456/6
Size: 2x5L Mixed **Code:** 083456/5/DA
Size: 2x5L (Red or Blue) **Red:** 083473/RED - **Blue:** 083473/BLUE
Size: 20L (Red or Blue) **Red:** 083456/20/RED - **Blue:** 083456/20/BLUE

COMBAT QUAT-RINSE

A food grade terminal disinfectant for the effective sanitization of food production equipment and surfaces after cleaning. Particularly useful for aerial disinfection in high risk food manufacturing areas and air conditioning units using fogging equipment. Complies with BSEN1276, effective against *Pseudomonas aeruginosa*, *E. coli*, *Staphylococcus aureus* and *E. hirae* killing 99.999% of bacteria after 5 minutes contact time.

Size: 2x5L **Code:** CB637/2X5
Size: 20L **Code:** CB637/20

COMBAT QUATSAN HI-BAC

A concentrated high quality detergent and sanitizer for use where high levels of cleaning and disinfection are required in one product.

Can also be used as a final rinse sanitizer. Complies with BSEN1276, effective against *Pseudomonas aeruginosa*, *E. coli*, *Staphylococcus aureus* and *Enterococcus hirae* killing 99.999% of bacteria after 5 minutes contact time.

Size: 2x5L (UN) **Code:** CB333/2X5
Size: 20L **Code:** CB333/20

COMBAT FOOD SAFE HEAVY DUTY SOAP

A non-perfumed and non-tainting heavy duty hand soap, especially suited for use in food industries to remove ingrained soiling and stains from the skin. Leaves hands feeling clean and conditioned.

Size: 2x5L **Code:** CB456/5

COMBAT HDS

This mildly alkaline detergent with excellent grease cutting properties.

It is particularly useful for the first stage of two stage cleaning processes as it will not inactivate the disinfectants used in the second stage.

Size: 2x5L **Code:** CB527/2X5
Size: 20L **Code:** CB527/20
Size: 200L **Code:** CB527/200

COMBAT POWERFOAM DETERGENT

A heavy duty detergent containing caustic soda. For use in high soil processes such as in abattoirs and fish filleting and poultry evisceration plants as well as for cooking, frying and high fat areas, and for heavily soiled floors. (Aluminium and other soft metals should be avoided).

Size: 2 x 5L **Code:** CB745/2X5
Size: 10L **Code:** CB745/10
Size: 20L **Code:** CB745/20

COMBAT TRAYWASH

Specially developed for the removal of tenacious soils and fats encountered in the food processing industry. Because of its low foaming properties, it is particularly useful in automated cleaning processors, CIP systems, blanchers, tray, crate and rack washing machines and fryers. Use in conjunction with machine washing, using approved automatic dosing equipment. May be used occasionally on aluminium trays.

Size: 20L **Code:** CB282/20
Size: 200L **Code:** CB282/200

COMBAT ALI WASH

A low foam liquid detergent for use in automatic washing systems in the food processing industry. Ideal for use in carousel and tunnel washing machines for cleaning metal or plastic trays, totes, fish boxes, pie and meat moulds, machine parts and utensils, etc. Suitable for use on soft metals such as aluminium and galvanised steel.

Size: 20L Code: CBALW/20

COMBAT FAD

A detergent, disinfectant and bactericidal hard surface cleaner especially formulated for food contact surfaces. Also for use on utensils, equipment, storage bins, tables and conveyors, etc.

Complies with BSEN1276, effective against *Pseudomonas aeruginosa*, *Escherichia coli*, *Staphylococcus aureus* and *Enterococcus hirae* after 5 minutes contact time.

Size: 2x5L Code: CBFAD/2X5

Size: 20L Code: CBFAD/20

COMBAT REACT

A specially formulated heavy duty hard surface cleaner. Mainly used for the removal of heavy fats and protein deposits. It may be used in high pressure washers, steam cleaners and foaming apparatus. Use rate 1 : 100 to 1 : 200. Caution – this product is not suitable for use on aluminium surfaces.

Size: 10L Code: CBBGS/10

Size: 20L Code: CBBGS/20

Size: 200L Code: CBBGS/200

COMBAT DESCALER PA

A phosphoric acid based descaler and detergent. For cleaning and brightening stainless steel equipment, e.g. vessels, skips, conveyors, utensils, etc. Also, a general descaler for tanks, pipes, heat exchanges, etc. Is particularly useful for the removal of fish slime from fish boxes and dried blood from tiled surfaces in abattoirs.

In the latter case, use undiluted.

Size: 2x5L Code: CB269/5

Size: 20L Code: CB269/20

COMBAT CARB PLUS

A high caustic product with high foaming detergents.

Combat Carb Plus is ideal for cleaning smoke kilns, ovens, fryers, roasters and cooking vessels where burned-on soils are a problem.

Size: 2x5L Code: CB921/5

Size: 20L Code: CB921/20

COMBAT CIP

A very low foam liquid suitable for CIP applications in the food industry.

Can be used for cleaning plate heat exchangers, fryers, cooking vessels, and systems which may require pumping of detergent solutions through pipework etc to facilitate soil removal.

Size: 20L Code: CB237/20

COMBAT FOAMBRITE

An acid-based foam cleaner developed for the removal of protein bloom and mineral scale.

For use through a foam lance.

Size: 20L Code: CB721/20

COMBAT ALCORINSE

An alcohol based surface sanitizer.

Complies with BSEN1276, effective against *Pseudomonas aeruginosa*, *Escherichia coli*, *Staphylococcus aureus* and *Enterococcus hirae* killing 99.999% of bacteria after 30 seconds contact time.

Size: 2x5L Code: CB121/2X5

CLEENOL OVEN CLEANERS, DEGREASERS & DESCALERS

FOAM OVEN CLEANER & MAINTAINER

The foam spray enables the product to cling to surfaces for improved cleaning. For use on grills, ovens and any equipment where caramelised grease or oil is evident. Provides quick, effective maintenance of internal and external areas of ovens, etc. Not suitable for the removal of hard carbon deposits. USE ON COOL SURFACES ONLY. DO NOT USE ON ALUMINIUM, PLASTIC OR PAINTED SURFACES.

Size: 6x750ml Code: 083121

Size: 2x5L Code: 08312X5

WARM OVEN SPRAY CLEANER

Formulated to remove heavily encrusted carbon deposits from the internal areas of industrial and commercial ovens. Converts hardened deposits into a liquid that can be rinsed off easily. WARNING - CORROSIVE. ALWAYS WEAR PROTECTIVE CLOTHING.

Size: 2x5L Code: 0831392X5

Warm Oven Spray Lance Size: x1 Code: 136702

OVEN CLEANING SAFETY KIT

For use with Cleenol Warm Oven Spray. Contains product use instructions and the necessary cleaning kit to enable the operator to clean effectively and safely. All products can be purchased individually.

Contains 1xHeavy Duty Plastic Apron, 1xC.O.S.H.H. Mask, 1xVinegar/water Flask, 1xChemical Resistant Goggles, 1xHand Spray Bottle, 1 Pair PVC Gauntlets, 1x5L Lance Spray Attachment, 10xHand Pads, 25xWipe Cloths.

Size: x1 Code: 1356KIT

HEAVY DUTY FOAM OVEN CLEANER

An effective heavy duty alkaline cleaner for use on grills, ovens and any baked on grease or oil.

Size: 6x750ml Code: 083119

COMBINATION OVEN WASHAID

Concentrated detergent degreaser for the effective removal of baked on food deposits and grease from the interior of Combination Ovens. Suitable for manual cleaning or dosed automatically into the oven during a selected cleaning programme of the integral cleaning system.

Size: 2x5L Code: 023134

COMBINATION OVEN RINSEAID

Concentrated rinse agent for use in self-cleaning Combination Ovens. It is dosed automatically into the oven during the rinse cycle of the integral cleaning system. It ensures even drying of the oven after washing process giving a streak free finish.

Size: 2x5L Code: 023123

GRIDDLE CLEANER & CARBON REMOVING GEL

Cleenol Griddle Cleaning Gel is powerful against stubborn, baked on fat and oil, and can restore your oven. The fast acting ingredients mean that there is a short cleaning time and its powerful formula means that scrubbing is at a minimal.

Size: 6x1L Code: 083142

SPRAY ON DEGREASER

A product that forms part of the Catering Hygiene Programme. Designed for the effective removal of caramelised grease from cookers, extractor fittings and canopy hoods. Also for external areas of fat fryers, cook and hold ovens and other cooking appliances.

Size: 6x750ml Code: 010475

Size: 2x5L Code: 010402X5

OVEN CLEANERS, DEGREASERS & DESCALERS **CLEENOL**

CONCENTRATED ACID DESCALER

An extremely effective acidic material designed to remove limescale, rust and concrete deposits. Ideal for cleaning building equipment. Contains a corrosion inhibitor to help protect most non-ferrous metals, brass and bronze. Not suitable for use on ferrous metals and stainless steel. DO NOT USE ON STAINLESS STEEL

Size: 2x5L Code: 083062X5

DESCALER & TARNISH REMOVER

Enables rapid penetration and removal of scale deposits. Effectively removes all forms of metal tarnish, hard water scale, rust from ferrous metals and even brightens aluminium and chrome surfaces. Can be used extensively in the catering and food industries for general purpose cleaning and maintenance.

Size: 2x5L Code: 010392X5

KETTLE DESCALER

A safe to use concentrated kettle descaler that gently removes the white deposits caused by lime from all types of kettle.

Helps to restore the performance and maintain the lifetime of heating elements in all kettles.

Size: 6x1L Code: 010321

DRAIN OPENER

Cleenol Drain Opener is a powerful alkaline gel designed to unblock sinks and drains.

Designed as the ultimate weapon against all blockages regular scheduled use of this product will ensure costly drain maintenance is avoided. Fast acting. Dissolves all kitchen and bathroom blockages.

Size: 6x1L Code: 083773

HEAVY DUTY CLEANER

A highly effective biodegradable general purpose degreasant cleaner. Non-perfumed and therefore ideal for cleaning in food preparation areas.

Can also be used for commercial deep fat fryers, walls, floors and canopy filters.

Size: 2x5L Code: 082HDC2X5
Size: 20L Code: 082HDC20

LIQUID DEGREASE

A multipurpose general degreaser ideal for the removal of oil and grease from concrete and tiled floors or from engine parts. Not to be used on aluminium and non-ferrous metals as corrosion can occur.

Size: 2x5L Code: 082782X5

HEAVY DUTY POWDER DEGREASANT

A yellow unperfumed powder suitable for use where food is processed.

Size: 10kg Code: 031159

DEEP FAT FRYER POWDER

Deep Fat Fryer Powder is a strong alkaline caustic detergent powder, used in cleaning utensils, baking trays and machine components.

Size: 2.5kg Code: 031162

CITRUS CLEANER

This versatile product can be used as a safe alternative to caustic oven cleaners or as a general purpose solvent cleaner.

Size: 10L Code: 21CM100/10

CLEENOL SANITIZING WIPES, TABLETS & SPRAYS

SANITIZING TABLETS

For surface sanitizing and washing of salads.

Provides a consistent level of chlorine in bacteria killing operations.

Ideal for use on previously cleaned surfaces and suitable for sanitizing salads and vegetables.

Size: 6x180

Code: 062534/6

HI-POWER SANITIZING TABLETS

Chlorine bleach based disinfectant tablets. More convenient and safer to use than traditional liquid hypochlorite bleach.

One or two tablets in a bucket of water dissolves with an effervescent action to give a solution of ready-to-use bleach.

The active constituent is dichloroisocyanurate. Each tablet yields 200ppm of available chlorine when placed in 5 litres of cold water.

Size: 6x200

Code: 0625CHL/6

FRESH STEP

A powerful biocide for use where sterilisation is required, such as rental footwear and other articles which are worn or hired out on a regular basis.

Fresh Step has passed the BSEN13624 test for fungal activity and has been found to be effective against epidermophyton floccosum, a fungus responsible for tinea pedis (athlete's foot) after a contact time of 15 minutes.

Size: 6x750ml

Code: 082F5750

Size: 2x5L

Code: 082F55

SURFACE CLEANING & SANITIZING WIPES

A wet impregnated woven wipe for cleaning and sanitizing hard surfaces. Suitable for use in all areas where food is being prepared – food processing, restaurants, hospitals, residential homes, etc.

Effective against E. coli, Listeria, Salmonella and MRSA.

Size: 6x200

Code: 13646F

PROBE WIPES

An impregnated non-woven wet wipe for the cleaning and sanitizing of food probes and knife blades. Alcohol based for fast drying without the need for wiping dry.

Complies with BSEN1276, effective against MRSA, Pseudomonas aeruginosa, Escherichia coli, Staphylococcus aureus and Enterococcus hirae killing 99.999% of bacteria after 5 minutes contact time.

Size: 6x200

Code: 13646PW

BROAD SPECTRUM SANITIZER

An odourless non-tainting skin and surface sanitizer designed for frequent use. Contains the powerful but safe and nontoxic biocidal preparation Sterizar®. Ideal for use on skin when entering food production areas, or before handling food. Food safe. Complies with BSEN13697 killing 99.99% E.coli and MRSA germs in 30 seconds. Complies with BSEN1276, BSEN1275, BSEN1656, BSEN14348 and BSEN1500. Effective against, Norovirus, MRSA, E. coli, Legionella, Clostridium difficile, Salmonella and Listeria. Residual biocidal activity kills 99% bacteria after 6 hours use on hands.

Size: 6x750ml

Code: 0645Z750

Size: 2x5L

Code: 0645Z5

Size 6x750ml HD Flask

Code: 0645ZR

GREEN PINE DISINFECTANT

A clear green quaternary disinfectant suitable for floors, walls, bins and drains.

Removes unpleasant odours.

Size: 2x5L

Code: 062902X5

GREEN PINE PLUS DISINFECTANT

A QAP50 disinfectant double the strength of the quat based Green Pine Disinfectant.

A higher grade disinfectant with improved disinfecting qualities. Kills 99.9999% of E. coli after a contact time of 10 minutes.

Size: 2x5L

Code: 062121UN

DISINFECTANT EXTRA - PINE

A pine scented viscous disinfectant concentrate with a broad spectrum biocide. Eliminates odours caused by organic decay, smoke, fires, sewage, chemicals, mould, mildew and animals. Suitable for odour control in outside drains. Complies with BSEN1276, effective against Pseudomonas aeruginosa, E. coli, Staphylococcus aureus and E. hirae killing 99.9999% of bacteria after 5 minutes contact time. Effective against Salmonella, Listeria, C. diff and MRSA.

Size: 2x5L

Code: 062282X5

DISINFECTANT EXTRA-CHERRY

A cherry scented viscous disinfectant concentrate with a broad spectrum biocide. Eliminates odours caused by organic decay, smoke, fires, sewage, chemicals, mould, mildew and animals. Suitable for odour control in outside drains. Complies with BSEN1276, effective against Pseudomonas aeruginosa, E. coli, Staphylococcus aureus and E. hirae killing 99.9999% of bacteria after 5 minutes contact time. Effective against Salmonella, Listeria, C. diff and MRSA.

Size: 2x5L

Code: 06226UN

LEMON DISINFECTANT

Possesses a subtle lemon fresh fragrance for "sensitive" cleaning areas. Suitable for floors, walls and paintwork.

Size: 2x5L

Code: 062302X5

FLORAL DISINFECTANT

A quaternary QAP30 general purpose disinfectant with a fresh fragrance to eliminate residual odours and give a good wide spectrum bacterial kill.

Size: 2x5L

Code: 062312X5

THICK BLEACH

A high active thick bleach with added viscosity, allowing the bleach to cling to the surface for longer, providing more effective cleaning.

Size: 2x5L

Code: 062392X5

Size: 12x750ml

Code: 062400

POWER BLEACH

A powerful chlorine based bleach for disinfecting floors, gullies and drains.

Size: 2x5L

Code: 062412X5

WATER BASED SEALERS

NOVA LONG-LIFE GLOSS FINISH

Our flagship solids rich metallised emulsion dressing. Can be easily maintained with or without a machine. An ideal base for spray buffing and mop and buff.

Size: 2x5L

Code: BN0010

WATER BASED SEALERS

NOVA LONG-LIFE SATIN FINISH

Same high quality performance as Nova Long-life Gloss, but with a satin finish. Can be easily maintained with or without a machine. An ideal base for spray buffing and mop and buff.

Size: 2x5L

Code: BN0010/SATIN

WATER BASED SEALERS

NOVA WOOD GLOSS

A tough, durable polyurethane and acrylic sealer which gives a hard wearing gloss finish to solid wood floors. It is easy to apply, non-flammable, low odour, quick drying and curing, as well as being resistant to most common chemicals. Excellent resistance to heavy foot traffic.

Size: 2x5L

Code: BN008G

WATER BASED SEALERS

NOVAGARD

For use on rubber, linoleum, vinyl, vinyl asbestos, thermoplastic, asphalt, sealed wood and sealed cork floors, etc. Rich in high quality solid ingredients, produces a supreme, long-lasting shine - quickly and easily and with only one coat.

Size: 2x5L

Code: BN0033

WATER BASED SEALERS

NOVACRYL

An advanced formula, high solids, water-based emulsion sealer. Built of rugged acrylic resins and fluoro-carbons, it is designed to produce a tough, clear film over the surface of the floor.

Size: 2x5L

Code: BN0022

WATER BASED SEALERS

NOVASHIELD

A metallised acrylic, water-based emulsion. It gives a clear, hard protective film and contains additives which are designed to stop the adhesion of dirt and marks to the floor surface. A simple, labour-saving system of maintenance that offers the maximum protection for your floors and makes cleaning even easier.

Size: 2x5L

Code: BN0044

WATER BASED SEALERS

NOVALIFT

For use on stainless steel, chrome, vitreous enamel, glass and cast iron equipment and fittings. Also for ceramic and quarry tiled floors, concrete, etc. Also has many uses in food factories.

Size: 2x5L

Code: BN1106

WATER BASED
SEALERS

NOVAPLEX

A water-based stone and concrete sealer leaving a semi permanent finish. Tough and durable, will maintain the finish and performance of laid concrete floors. Helps protect against abrasion, chemical reactions with spillages, etc.

Size: 2x5L

Code: BN0088

CLEANERS
& STRIPPERS

NOVA SAFETY FLOOR CLEANER

Ensures swift soil removal, used for deep cleaning as well as routine maintenance of any safety floor. Bactericidal formula is effective for use in hospitals, nursing homes, schools, and other areas where a clean, safe floor is essential.

Complies with BSEN1276, effective against Pseudomonas aeruginosa, E. coli, Staphylococcus aureus and E. hirae killing 99.999% of bacteria after 5 minutes contact time.

Size: 2x5L

Code: BN6921

CLEANERS
& STRIPPERS

NOVA TRIPOWER

Designed for the economical and rapid removal of heavy deposits of oil, dirt and grease from floors which ordinary detergents leave behind.

This concentrated, versatile, degreaser combines solvent, emulsifiers and balanced alkaline cleansers. It penetrates and emulsifies oil and grease, releasing the dirt from the floor surface. After use, a clean water rinse flushes away the emulsified oil and dirt, leaving the surface clean and fresh.

Size: 2x5L

Code: BN1095

CLEANERS
& STRIPPERS

NOVA STARBRITE

An effective fragranced emulsion polish stripper without ammonia. Will not affect linoleum pigments.

PRODUCT IS CORROSIVE. WEAR APPROPRIATE PROTECTIVE EQUIPMENT.

Size: 2x5L

Code: BN1040

CLEANERS
& STRIPPERS

NOVA LIQUID 99

A super concentrated biodegradable liquid cleanser for use on floors, walls and other hard surfaces.

Size: 2x5L

Code: BN1073

CLEANERS
& STRIPPERS

NOVA WAYS

This efficient, solvent-free cleanser works well in hot, cold, hard or soft water. It has a broad range of applications as an alkaline all purpose cleanser and mild stripper.

Size: 2x5L

Code: BN1084

CLEANERS
& STRIPPERS

NOVA CITRA HD-EF

Powerful concrete cleaner and degreaser with environmental accreditations.

Size: 2x5L

Code: BN2168

CLEANERS
& STRIPPERS

NOVA BAK

A mild acid cleanser specifically designed to remove brown stains from coloured linoleum. Also for use wherever an acidic detergent cleanser is required. May be used neat or in dilution, subject to the task to be performed, surface being cleaned, etc.

Size: 2x5L

Code: BN1117

BRITISH NOVA FLOOR CARE

 BACTERICIDAL CLEANERS

NOVACROSS

A multipurpose neutral cleanser which cleans, deodorises and sanitizes. Complies with BSEN1276, effective against MRSA, Pseudomonas aeruginosa, Escherichia coli, Staphylococcus aureus and Enterococcus hirae killing 99.9999% of bacteria after 5 minutes contact time.

Tested and approved against the MRSA bacteria.

Size: 2x5L

Code: BN1150

 BACTERICIDAL CLEANERS

NOVACROSS UNPERFUMED

An unperfumed multipurpose neutral cleanser which cleans, deodorises and sanitizes.

Complies with BSEN1276, effective against MRSA, Pseudomonas aeruginosa, E. coli, Staphylococcus aureus and E. hirae killing 99.9999% of bacteria after 5 minutes contact time. Tested and approved against the MRSA bacteria.

Size: 2x5L

Code: BN1161

 BACTERICIDAL CLEANERS

NOVACROSS CITRUS

A multipurpose citrus cleanser which cleans, deodorises and sanitizes. Complies with BSEN1276, effective against MRSA, Pseudomonas aeruginosa, Escherichia coli, Staphylococcus aureus and Enterococcus hirae killing 99.9999% of bacteria after 5 minutes contact time. Tested and approved against the MRSA bacteria.

Size: 2x5L

BRITISH NOVA FLOOR CARE

NO.1
BEST
SELLER

FLOOR RESTORERS
& MAINTAINERS

NOVACARE

A premium quality floor maintainer containing a complex range of waxes to clean, protect and polish in one operation. Leaves a long lasting antistatic hard finish.

Size: 2x5L

Code: BN1016

FLOOR RESTORERS
& MAINTAINERS

NOVA RESTORER/ MAINTAINER

A highly concentrated product which is formulated for use on a range of floors. Creates a slip resistant surface even when polished and provides exceptional grip in both wet and dry conditions.

Size: 2x5L

Code: BN1293

FLOOR RESTORERS
& MAINTAINERS

NOVA ONE

This efficient solvent-free cleanser is a combination of carefully selected chemical components securely interlocked to form a powerful sanitary maintenance product.

Size: 2x5L

Code: BN1051

CARPET
CARE

NOVAFROST

A refrigerant liquid packed in an aerosol. When released it operates as a freezing gas, making chewing gum hard and brittle.

In this brittle state the gum loses its adhesion and can be removed simply from the surface.

Size: 6x500ml

Code: BNW5011

NEW

CARPET
CARE

NOVASPOTTA OXY

NEW IMPROVED FORMULA

Starts to work in 30 seconds producing amazing stain removal results. It can completely remove even the toughest stains from your carpet or upholstery. Utilises oxy power, as soon as stains are encountered oxygen is released, this safely removes the stain leaving the carpet clean and fresh.

Size: 6x750ml

Code: BN2059/6

CARPET
CARE

NOVACUT

A heavy duty pre-spotter for high traffic areas or a pre-treatment for particularly dirty carpets.

Use as a pre-treatment for particularly dirty carpets.

Prior to cleaning certain areas of carpets, use of a chemical to soften up very heavy dirt, spillages, etc. is recommended.

Size: 2x5L

Code: BN2061

CARPET
CARE

NOVALITE

A neutral low foam carpet shampoo for use in hot water extraction machines.

It is a concentrated, low-foaming additive which improves the cleaning power of the equipment. Easily diluted and very economical, it cleans well, even softening many water-soluble and oil-soluble stains.

Always test for colour fastness before use.

Size: 2x5L

Code: BN2047

CARPET
CARE

NOVATREE

A crystallising, dry-residue shampoo. After use it dries to an almost invisible powder which is later removed with a vacuum cleaner.

Many other shampoos leave sticky residues which attract and hold dust and dirt.

Such residues cause carpets to become dirty again more quickly than before.

Size: 2x5L

Code: BN2026

HIGH SOLIDS POLISH

A 25% solids metallised floor polish or medium to heavy traffic areas where a hard wearing deep lustrous finish is required. No need for buffing.

Dries to a high gloss finish. Use on all sealed and non porous floors.

Size: 2x5L Code: 041552X5

EMULSION POLISH

A 15% solids metallised floor polish for a durable gloss finish.

For use in low to medium traffic areas or as a base coat for highly porous floors. Provides an excellent base for spray cleaning.

Size: 2x5L Code: 041672X5

BUFFABLE FLOOR CLEANER

A multi-purpose product which performs a three-in-one operation – cleaning, polishing and disinfecting.

Designed for the maintenance of treated polished floors. Has a pleasant residual fragrance.

Size: 2x5L Code: 041862X5

PREMIUM PERFUMED FLOOR CLEANER

A highly effective hard floor cleaner containing a floral perfume to neutralise odours, leaving areas clean and fresh. Ideal for use on marble and stone floors with polished or natural finish. For use in reception areas, corridors, bathrooms, etc.

Size: 2x5L Code: 041732
Size: 20L Code: 041721

PERFUMED FLOOR CLEANER

A highly effective hard floor cleaner.

Cleaners use it as the last process in cleaning a room and then close the door. The perfume then greets the next person into the room.

Size: 2x5L Code: 041669

FLOOR MAINTAINER

Performs a two in one operation by cleaning and treating the surface. Ideal mopping solution for a streak-free shine even without machine buffing. This treatment consists of a special blend of waxes which gives a highly polished finish when burnished with a polishing machine. The product can be used on sealed and non porous floors.

Size: 2x5L Code: 042232

LEMON GEL

A general purpose floor maintenance water soluble gel with a refreshing lemon fragrance.

For the daily cleaning of polished or untreated floor surfaces. Will not strip polished floor finishes.

Can be used in a hand spray or by mopping.

Size: 2x5L Code: 041812X5

PINE GEL

A general purpose floor maintenance water soluble gel with a fresh pine fragrance.

For the daily cleaning of polished floor finishes. Will not strip polished floor finishes.

Can be used in a hand spray or by mopping.

Size: 2x5L Code: 041882X5

WATER EXTRACTION CARPET SHAMPOO

A concentrated, low foaming water extraction carpet shampoo. For effective cleaning of carpets and colour fast upholstery. Revitalises carpets and leaves them with a pleasant fresh odour.

Size: 2x5L

Code: 042842X5

SCRUBBER DRYER DETERGENT

Formulated for use in combination scrubber dryer floor machines. Its low foam formulation is effective for cleaning a variety of floor surfaces including vinyl, rubber, stone, ceramic, terrazzo, marble, sealed wood and cork and all polished floors. May also be used for general mopping of lightly soiled floors. Removes light to general soiling with one pass of the machine (heavier soiling may require more than one pass with a more concentrated solution).

Size: 2x5L

Code: 041697

CLEENOL BACTERICIDAL FLOOR CLEANER

A powerful degreaser/cleaner containing an effective bactericide for sanitizing purposes. The product is safe to use on most floor surfaces with the exception of wood and cork.

Size: 2x5L

Code: 020952X5

CRYSTAL GRIP

A specialist product which cleans polished floors and leaves a slip resistant polymer finish.

Size: 2x5L

Code: 041872UN

CLEENOL MULTIPURPOSE FLOOR CLEANER

A general purpose neutral floor cleaner and maintainer. Suitable for mopping and floor scrubbing machines.

Size: 2x5L

Code: 042932X5

POLISH STRIPPER

An alkaline based floor polish stripper.

For the effective and fast removal of metallised emulsion polishes. Designed for light to medium polish removal.

Size: 2x5L

Code: 041502X5

SWAN NECK PUMP

This pump simply screws into the neck of the bottle and provides a controlled dosing of 30ml of product to make dispensing easier.

A 15ml restrictor is also available to reduce the amount per pump press.

Size: 5L Pump

Code: 136552

Size: 10/20L Pump

Code: 136552/25

Size: 15ml Restrictor

Code: 136552/15ML

PREMIUM TRUCK WASH

Auto Clean Premium Truck Wash is a specially formulated heavy duty traffic film remover designed to clean the paintwork and curtains of heavy goods vehicles.

Contains high alkali levels and amphoteric, non-ionic and cationic surfactants, making it suitable for all levels of soiling. May be used in both high pressure washers and steam cleaners. **PRODUCT IS CORROSIVE. WEAR APPROPRIATE PROTECTIVE EQUIPMENT.**

Size: 20L Code: TW20
Size: 200L Code: TW200

PREMIUM CAUSTIC FREE TRAFFIC FILM REMOVER

Auto Clean Premium Caustic Free Traffic Film Remover is a heavy duty cleaner, safe to use on all vehicles.

It contains no sodium hydroxide or potassium hydroxide, the alkalis responsible for the dulling of painted surfaces.

For use through pressure cleaners and hot water/steam cleaners.

Size: 20L Code: TCF20
Size: 200L Code: TCF200

DASHBOARD & COCKPIT CLEANER

Formulated to give dashboards a deep lustrous finish.

Produced from the highest quality materials to give exceptional results every time.

Size: 6x750ml Code: 210237

REGULAR TRUCK WASH

Auto Clean Regular Truck Wash is a specially formulated light to medium traffic film remover designed to clean the paintwork and curtains of heavy goods vehicles.

Contains alkalis and amphoteric, non-ionic and cationic surfactants, making it suitable for all levels of soiling. May be used in both high pressure washers and steam cleaners. **PRODUCT IS CORROSIVE. WEAR APPROPRIATE PROTECTIVE EQUIPMENT.**

Size: 20L Code: TWR20
Size: 200L Code: TWR200

REGULAR CAUSTIC FREE TRAFFIC FILM REMOVER

Auto Clean Regular Caustic Free Traffic Film Remover is a light to medium cleaner, safe to use on all vehicles. It contains no sodium hydroxide or potassium hydroxide, the alkalis responsible for the dulling of painted surfaces.

For use through pressure cleaners and hot water/steam cleaners.

Size: 20L Code: TCFR20
Size: 200L Code: TCFR200

WINDSCREEN & GLASS CLEANER

Produced from a unique formulation which gives an exceptional sparkling, streak-free finish every time.

Effectively removes atmospheric grime, nicotine, finger marks, dust and dead insects, etc.

Size: 6x750ml Code: 057721

CAR SHAMPOO WITH WAX

Auto Clean Car Shampoo & Wax is a neutral car wax shampoo with an exceptionally high degree of cleaning power. Leaves vehicles with a deep, lustrous finish from the wax additive in this quality car shampoo.

Removes light to medium atmospheric soiling.

Size: 6x1L Code: 212137

Size: 2x5L Code: 21022X5

Size: 20L Code: 210205/20

FOAM ALLOY WHEEL CLEANER

For use on all types of light alloy and steel wheels.

The foam action cleaner clings to the wheels, softening the carbon brake dust making for faster cleaning of the heavily soiled areas. Leaves a bright and high class finish.

Size: 6x750ml Code: 057734

Size: 20L Code: 057734/20

SCREENWASH CONCENTRATE

An effective vehicle screen wash for use through the vehicle washer bottle. Designed for the rapid removal of atmospheric grime.

Leaves windscreens clear and streak free.

Works to temperatures down to -32°C.

Size: 2x5L Code: 082532X5

Size: 20L Code: 082532/20

DE-ICER

A high performance windscreen and window de-icer which instantly dissolves ice from glass surfaces, leaving a streak-free finish when cleaned with windscreen wipers or rubber squeegee blade.

Works below temperatures of 10°C.

Size: 6x750ml Code: 057748

DE-IONISED WATER

A quality de-ionised water for use in trucks, vans, cars, motorcycles and floor machine batteries.

Size: 2x5L Code: 083212X5

Size: 20L Code: 083214/20

SCREENWASH READY TO USE

An effective vehicle screen wash for use through the vehicle washer bottle. Designed for the rapid removal of atmospheric grime.

Leaves windscreens clear and streak free.

Works to temperatures down to -32°C.

Size: 2x5L Code: 0825RTU/2X5

HAND SOAP DISPENSER

A quality lockable soap dispenser. Each push of the dispenser lever gives a measured dose of product for effective hand cleaning.

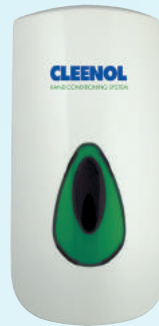

Size: 1x900ml Liquid	Code: 137774
Size: 1x900ml Foam	Code: 137867/B
Size: 1x400ml Liquid	Code: 137781
Size: 1x800ml Liquid	Code: 137800/B
Size: 1x800ml Foam	Code: 137819
Size: 1x800ml Spray	Code: 137808

HAND SANITIZER DISPENSER

A quality lockable sanitizing dispenser Each push of the dispenser lever gives a measured dose of product. A high capacity pack for less frequent refilling.

Size: 1x900ml Liquid	Code: 137800/R
Size: 1x900ml Foam	Code: 137867
Size: 1x800ml Spray	Code: 137808/R

HAND CONDITIONER DISPENSER

A high quality dispenser for pouch based hand conditioners. Dispenses just the right amount of product to help protect hands after washing.

Size: 1x800ml	Code: 137800/CREAM
---------------	--------------------

TOUCH FREE DISPENSERS

A high quality top up dispenser for soaps and sanitizers. The ultimate system in hand hygiene offers a hands free method for dispensing.

Leonardo
DISPENSING SOLUTIONS

TWIN JUMBO TOILET TISSUE SYSTEM

This system provides increased capacity for high volume usage.

A unique sliding mechanism prevents simultaneous roll access and ensures no roll end waste. High visibility makes the Twin Jumbo ideal for security sensitive environments.

Size: 6x260m 2ply White

Code: 148JT8500

Size: x1 Dispenser

Code: 148DSTA07

VERSATWIN TOILET TISSUE SYSTEM

Combines a compact design with dual roll capacity.

This contemporary dispensing system maximises usage, preventing simultaneous roll access, thus reducing waste.

Size: 24x125m 2ply White

Code: 148JT815W

Size: Dispenser

Code: 148SDSTA05

CONTROL ROLL LEVER TOWEL SYSTEM

The ideal hand drying solution with amazing cost in use savings.

Provides open sheet dispensing, portion control and complete use of the end of roll. The perpetual roll means that the paper needs never run out, reducing maintenance costs.

Size: 6x150m 1ply White

Code: 148RT8880

Size: 6x175m 1ply Blue

Code: 148RT2201

Size: 6x150m 2ply White

Code: 148RT8650

Size: x1 Dispenser

Code: 148DSRA01

MIXXIT DISPENSER

A manual dispensing solution. It dilutes a pre-determined ratio of concentrates into a final ready-to-use solution.

Bucket Code: ADS/624GB
 Flask Code: ADS/621GB
 Sink Code: ADS/623GB

ECOMIX CHEMICAL DILUTION SYSTEM

Connected to mains water, it dilutes a pre-determined ratio of concentrates into a final ready-to-use solution.

Bucket Code: ADS/ECOMIXB
 Flask Code: ADS/ECOMIXF

QUANTURA 200 DISHWASHING DOSING SYSTEM

A peristaltic pump dosing system for dosing dishwash detergent and rinse aid into a wide variety of commercial dishwashers including conveyor/flight, hood and door type dishwashing machines. This system also provides the option to incorporate an additional, third peristaltic pump for dosing sanitiser.

One system for Probe Mode, Probeless Hood Mode, Probeless Tunnel Mode. Includes pump status lights and on/off indication light and a full text LCD in nine languages plus secure access code.

Size: x1 Code: ADS/OD200-BTCD9

4 PUMP LAUNDRY UNIT

Dispenses up to 4 products for on premises laundry with a flow rate of up to 285ml* per minute. The space saving patented double pump head is easy to install and maintain thanks to the quick-tube-change configuration. Suitable for both intelligent and non-intelligent washing machines up to 35kg, they can be used in relay mode or with a formula select programmer.

*Flow rate tested with water under laboratory conditions.

Size: x1 Code: ADS/W4LU

LOCKABLE CABINET

A multipurpose chemical cabinet to effectively store and aid dispensing of our Evolution and Mixxit Concentrated ranges.

Size: x1 Code: ADS/625GB

LAUNDRY FORMULA SELECT

Gives various chemical selection programmes to allow different concentrations of chemicals to be added depending on the amount of soiling present.

Size: x1 Code: ADS/WIFORM

CLEENOL provides a National Service Support Team of Engineers to install, commission and calibrate auto dosing and mixing equipment.

Our engineers also provide regular service check-ups and service reports.

A 48 hour response call facility is available.

For more information on ordering dosing systems with your products, please contact **CLEENOL** on:

TRAINING SUPPORT MATERIAL

Cleenol provides a range of leaflets, posters and guides to support the training needs and requirements for all your staff when using cleaning chemicals.

Cleenol provides a good and up to date overview of health and safety.

Modules can be tailor made to cover individual customer training requirements and incorporated into personalised wall charts with your company logo.

STAFF TRAINING

Cleenol provides educational programmes to inform your staff about our products and the relevant Health & Safety, C.O.S.H.H. and C.H.I.P. regulations, the basic requirements needed to comply with today's Health & Safety Acts.

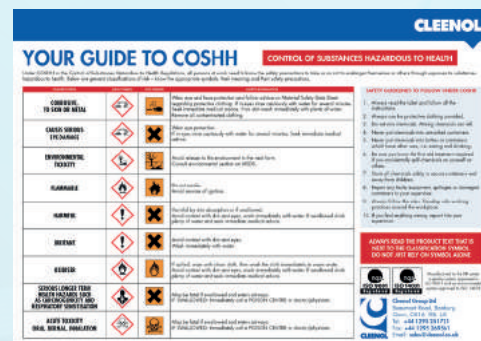

Cleenol employs its own qualified trainers who are able to demonstrate both the theoretical and practical issues of health and hygiene, using modern training module methods, including Powerpoint presentations.

Enables staff to understand the most economical and effective use of products.

Helps towards meeting your health and safety legal obligations.

Reduces the risk of accidents in the work place.

Makes for a safer working environment for all your employees.

C.O.S.H.H.

C.O.S.H.H. is the law that requires employers to control substances that are hazardous to health.

Our specially trained chemical experts are on hand to provide on-site C.O.S.H.H. training and all the necessary resources required.

Our chemical experts will teach you how you can prevent or reduce workers exposure to hazardous substances.

All Cleenol products come with Material Safety Data Sheets. We can show you how to use and understand these effectively and how to correctly handle our chemicals.

We can also train staff in better practices for storing chemicals and highlighting health hazards.
