## 12 VOLT ADAPTORS - VEHICLE ACCESSORIES

**Energizer**

### TWIN USB ADAPTOR/CHARGER

(50507)

- Compact design
- Charges your device using USB cable
- Blue LED 'power on' indicator
- Compatible with most 12/24V DC devices, USB devices, iPhone, iPad & iPod
- Simply plugs into vehicles 12/24V power socket
- 3A fuse protected
- Input: 12/24V DC
- Output: 2 x USB ports 5V DC 3.1A total

### 12/24V DC POWER SOCKET

(50500)

- 2 x USB ports plus 12V DC power socket
- Adjustable angle mount for easy viewing
- Power socket illuminated with blue LED
- Compatible with most 12/24V DC devices, USB devices, iPhone, iPad & iPod
- Simply plugs into vehicles 12/24V power socket
- 8A fuse protected
- Input: 12/24V DC
- Output: 2 x USB ports 5V DC 3.1A total  
1 x 12/24V DC power socket

### TWIN SOCKET ADAPTOR

(50504)

- Adjustable angle mount for easy viewing
- Power sockets illuminated with blue LED
- Compatible with most 12/24V DC devices, USB devices, iPhone, iPad & iPod
- Simply plugs into vehicles 12/24V power socket
- 8A fuse protected
- Input: 12/24V DC
- Output: 2 x USB ports 5V DC 3.1A total  
2 x 12/24V DC power sockets

### TRIPLE SOCKET ADAPTOR

(50505)

- Flexible positioning using straight cord (100cm approx)
- Power sockets illuminated with blue LED
- Blue LED 'power on' indicator
- Compatible with most 12/24V devices, USB devices, iPhone, iPad & iPod
- Simply plugs into vehicles 12/24V power socket
- 8A fuse protected
- Input: 12/24V DC
- Output: 2 x USB ports 5V DC 3.1A total  
3 x 12/24V DC power sockets

# DISPLAY SOLUTIONS

## 12V COUNTER TOP UNIT X4 SHELVES

Loading of 36 units

- 50507 x 14
- 50504 x 4
- 50503 x 4
- 50600 x 3
- 50502 x 4
- 50505 x 3
- 50500 x 4

## 12V COMPACT FSDU

W: 370/D: 350/H: 1360 mm

Loading of 26 units

- 50507 x 6
- 50500 x 3
- 50501 x 3
- 50504 x 3
- 50502 x 4
- 50503 x 4
- 50505 x 3

# POWER INVERTERS

## 120W CUP INVERTER (50600)

- Powers up to 3 devices at once
- Ultra silent (no internal fan)
- 2 x USB ports compatible with most USB devices including smart phones & tablets
- 12V power plug and battery cables included
- EU version available

## 180W CUP INVERTER (50601)

- Powers up to 3 devices at once
- Ultra silent (thermal fan)
- 2 x USB ports compatible with most USB devices including smart phones & tablets
- 12V power plug and battery cables included
- EU version available

## 500W POWER INVERTER (50610)

- 500W continuous / 1000W peak power
- Powers up to 4 devices at once
- Ultra silent (no internal fan)
- 2 x 230V AC outlets
- 2 x USB ports compatible with most USB devices including smart phones & tablets
- 12V power plug (60cm approx) and power leads (80cm approx) included

## 1100W POWER INVERTER (50612)

- 1100W continuous / 2200W peak power
- Powers up to 4 devices at once
- LCD Display - Volt / Watt / Battery Level
- Ultra silent (thermal fan)
- 2 x 230V AC outlets
- 2 x USB ports compatible with most USB devices including smart phones & tablets
- Power leads (80cm approx) included

# JUMP STARTERS

## 400AMPS LITHIUM-ION POLYMER CAR JUMP STARTER (50806)

UP TO 4.0 LITRE (4000CC) PETROL & 3.0 LITRE (3000CC) DIESEL

- Quick & easy to use
- Suitable for up to 4.0 Litre (4000CC) Petrol and 3.0 Litre (3000CC) Diesel engines
- Cross polarity safety feature to protect against short circuiting
- 9000mAh Lithium-ion Polymer cell battery
- Super bright LED light
- USB 2.4A output suitable for most USB devices including smart phones, tablets, iPhone, iPad & iPod

- HIGH CAPACITY** - Keeping you charged at all time
- MULTIPLE CHARGES** - Charge mobile device more than once from one charge
- FAST CHARGE** - Provides rapid charge to mobile devices
- STRONG** - Metallic, durable housing

## 500AMPS LITHIUM-ION POLYMER CAR JUMP STARTER (50807)

UP TO 5.0 LITRE (5000CC) PETROL & 4.0 LITRE (4000CC) DIESEL

- Quick & easy to use
- Suitable for up to 5.0 Litre (5000CC) Petrol and 4.0 Litre (4000CC) Diesel engines
- Cross polarity safety feature to protect against short circuiting
- 12000mAh Lithium-ion Polymer cell battery
- Super bright LED light
- USB 2.4A output suitable for most USB devices including smart phones, tablets, iPhone, iPad & iPod

- HIGH CAPACITY** - Keeping you charged at all time
- MULTIPLE CHARGES** - Charge mobile device more than once from one charge
- FAST CHARGE** - Provides rapid charge to mobile devices
- STRONG** - Metallic, durable housing

### 50800 COMPACT FSDU W: 370/D: 350/H: 1360 mm

Loading of 16 units  
50800 x 16

### 50800 TILL PRESENTER W: 228/D: 170/H: 297 mm

Loading of 1 units  
50800 x 1

### 50800 COUNTER TOP UNIT W: 404/D: 276.5/H: 209 mm

Loading of 6 units  
50800 x 6

# INTELLIGENT BATTERY CHARGERS

# Energizer®

Energizer® Intelligent Battery Chargers are capable of optimising the charge rate to prevent damage and help prolong a battery's life. These new generation of battery chargers constantly monitor the battery, vary the charge rate and can be left safely attached to the car for long periods of time with occasional monitoring. They are ideal for rarely used cars and vehicles that are not driven in winter.

## INTELLIGENT BATTERY CHARGER - 2AMP (50900)

- Quick & easy to use
- Charge & maintain battery in top condition
- High frequency switch mode technology
- 3 stage automatic charge:- rapid start, absorption charge & maintenance charge
- Suitable for lead acid: SLA, WET, AGM, VRLA batteries
- LED charge status indicator
- Can be wall mounted or hung

## IN DEVELOPMENT...

# Energizer®

Currently we are in the exciting stages of developing a complete range of Intelligent Battery Chargers. These will be available in 4Amp & 8Amp versions.

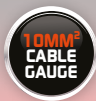

# JUMP LEADS

## JUMP LEADS (50100)

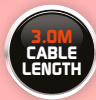

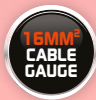

- Copper clad aluminium cables with PVC insulation
- Suitable for petrol engine vehicles up to 1.5 litres (1500CC)
- Spring-loaded fully insulated colour coded clamps
- Cable gauge 10mm<sup>2</sup>
- Cable length 3.0m (approx)

## JUMP LEADS (50101)

- Copper clad aluminium cables with PVC insulation
- Suitable for petrol engine vehicles up to 2.5 litres (2500CC)
- Spring-loaded fully insulated colour coded clamps
- Cable gauge 16mm<sup>2</sup>
- Cable length 3.0m (approx)

## HEAVY DUTY JUMP LEADS (50102)

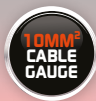

- Copper clad aluminium cables with PVC insulation
- Suitable for petrol engine vehicles up to 5.0 litres (5000CC) and diesel engine vehicles up to 3.5 litres (3500CC)
- Spring-loaded fully insulated colour coded clamps
- Cable gauge 25mm<sup>2</sup>
- Cable length 3.5m (approx)

## JUMP LEADS - WITH LED (50200)

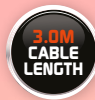

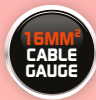

- LED lights ideal for connecting to battery in dark conditions
- Copper clad aluminium cables with PVC insulation
- Suitable for petrol engine vehicles up to 1.5 litres (1500CC)
- Spring-loaded fully insulated colour coded clamps
- Cable gauge 10mm<sup>2</sup>
- Cable length 3.0m (approx)

## JUMP LEADS - WITH LED (50201)

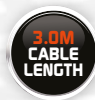

- LED lights ideal for connecting to battery in dark conditions
- Copper clad aluminium cables with PVC insulation
- Suitable for petrol engine vehicles up to 2.5 litres (2500CC)
- Spring-loaded fully insulated colour coded clamps
- Cable gauge 16mm<sup>2</sup>
- Cable length 3.0m (approx)

## HEAVY DUTY JUMP LEADS - WITH LED (50202)

- LED lights ideal for connecting to battery in dark conditions
- Copper clad aluminium cables with PVC insulation
- Suitable for petrol engine vehicles up to 5.0 litres (5000CC) and diesel engine vehicles up to 3.5 litres (3500CC)
- Spring-loaded fully insulated colour coded clamps
- Cable gauge 25mm<sup>2</sup>
- Cable length 3.5m (approx)

Come out of the red . . .

. . . and into the blue.

THE NEW ENERGIZER® 12V AUTOMOTIVE ACCESSORIES RANGE POWERS YOUR FAVOURITE DEVICES ON THE GO.

- Powerful USB ports to charge your phone and tablet simultaneously in the car
- 12V power sockets suitable for charging devices such as Sat Navs
- Combining the best features from conventional in-car accessories

MAKE ENERGIZER YOUR NO.1 CHOICE FOR AUTOMOTIVE ACCESSORIES.

**Energizer**

POWER TO YOUR DEVICES ON THE ROAD

THE NEW ENERGIZER® 12V AUTOMOTIVE ACCESSORIES RANGE POWERS YOUR FAVOURITE DEVICES ON THE GO.

- Powerful USB ports to charge your phone and tablet simultaneously in the car
- 12V power sockets suitable for charging devices such as Sat Navs
- Combining the best features from conventional in-car accessories

MAKE ENERGIZER YOUR NO.1 CHOICE FOR AUTOMOTIVE ACCESSORIES.

**Energizer**

DON'T LET A FLAT BATTERY TURN INTO A FLAT WEEKEND.

THE NEW ENERGIZER® LITHIUM-POLYMER CAR JUMP STARTER.

- Jump-start your car with a device small enough to fit in your pocket or glove box
- An intelligent battery connector incorporates a key safety function to stop short-circuiting
- Charges smart phones and tablets using a 2.1A USB port
- Part of the new range of Energizer® Car Jump Starters

MAKE ENERGIZER YOUR NO.1 CHOICE FOR AUTOMOTIVE ACCESSORIES.

**Energizer**

DON'T LET A FLAT BATTERY TURN INTO A FLAT WEEKEND.

YOUR GADGETS

Get out of the red . . . and into the blue.
