SIMM SPIELWAREN 2019

*Growing up
with quality.*

SiMM SPIELWAREN

SIMM Spielwaren GmbH. German quality standards. – Czech production. – For over 50 years, the family-owned company has set standards in the production of high-quality plastic or metal toys as well as creativity products.

At the company's headquarters in Roth near Nuremberg around 50 employees in the fields of product development, marketing, sales and logistics ensure the success of its labels LENA®, DARDA® Motor and Bolz.

SIMM Spielwaren. Growing up with quality.

Company Profile

- Expertise in the production of toys for over 50 years
- family-owned for 90 years
- Inhouse product design, product development and product safety
- Attractive range of high quality products
- Three labels LENA®, DARDA® Motor and Bolz united under one roof

Certified. Sustainable. Top quality. Since 1999, over 120 employees work in the manufacturing of the acclaimed plastic products, music mills and tin drums (LENA® & Bolz). LENA hračky s.r.o., subsidiary of SIMM Spielwaren GmbH, runs the state-of-the-art production facility, located in Dolní Benešov, Czech Republic.

The Czech company location combines manufacturing, logistics and Sales for Eastern Europe. Our Chinese suppliers fully comply to all country-specific legal requirements.

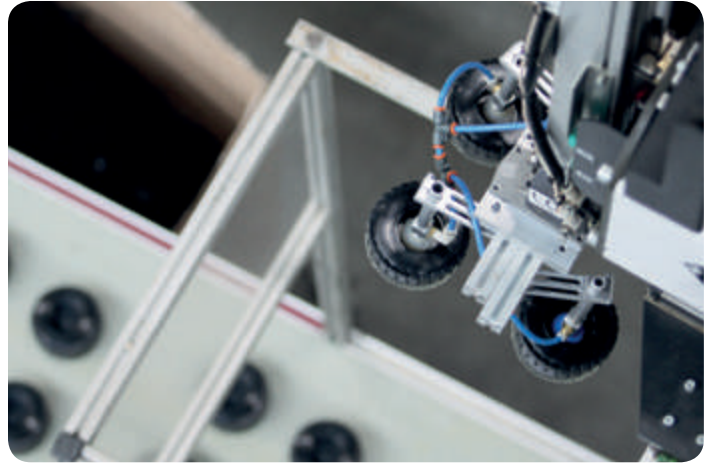

Quality

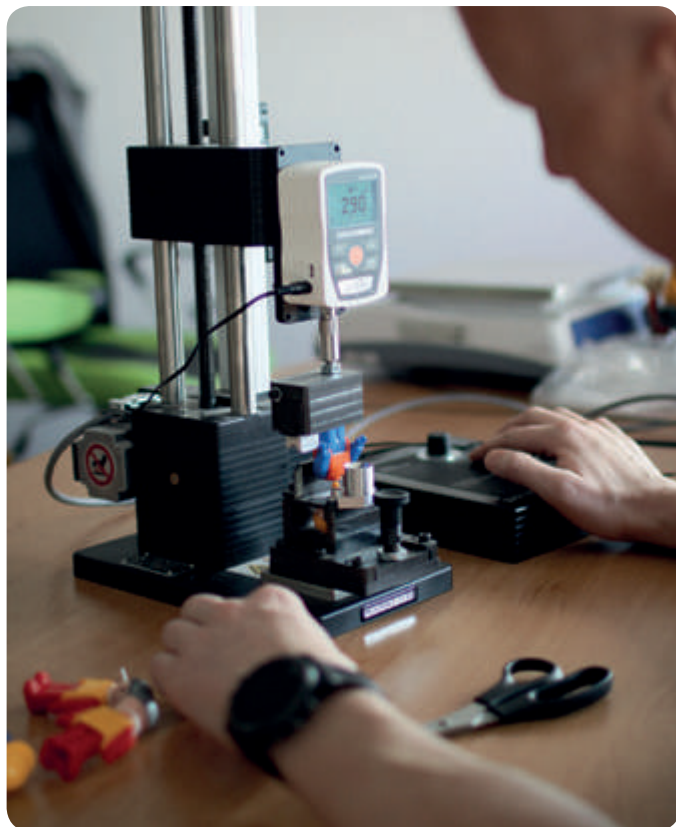

Toy competency with German quality standards: SIMM unites product development, design and safety all under one roof, centralized as relevant core areas at the location of Roth near Nuremberg.

Not just the use of high quality materials and controlled production processes contribute to the great tradition of German toy manufacture. A top service standard in logistics, marketing and sales, and since January 2018 quality management according to ISO 9001:2015 ensure high-class toy products.

Well over half of all manufactured articles are “Made in the EU”. In addition to this SIMM Spielwaren GmbH has FSC (Forest Steward Council) certification – proof of sustainable use of natural resources.

LENA hračky s.r.o. (Czech Republic) – production location for LENA® products since 1999 – strictly observes all ecological guidelines and implements aspects of sustainability. The subsidiary in Dolní Benešov is inspected reliably by an accredited test laboratory.

Product safety and inspections

Safety, primarily for the child, is a characteristic of every product innovation from our own development department.

QM experts thus cast a well-trained eye on all product groups; construction and safety FMEAs test our articles in the range precisely and comprehensively.

The continuous product controls and the labelling check carried out by the TÜV Rheinland LGA Products in Nuremberg ensure the compliance with legal specifications: SIMM toys comply with European norms (EN 71) and in addition to this with national regulations and laws. Independent, accredited testing authorities also check this regularly. Furthermore, specific goods groups fulfill American regulations (ASTM).

Verified quality from the Far East: SIMM toys also checks the quality of OEM supplied goods by means of pre-production and pre-shipment audits as well as through laboratory testing with state-of-the-art measuring instruments.

Our obligation

Our daily work is characterised not just by fair dealings with our own staff, partners and suppliers. Without exception our suppliers from the Far East fulfill the “Code of Conduct”: they either have ICTI or BSCI certification.

Our Czech factory in Dolní Benešov consistently follows aspects of sustainability. We take additional responsibility for the environment by using economized resources sparingly.

See products in action – new LENA® & DARDA® video content

Use our new, lovingly created product videos for merchandising.

You can find all the videos on our YouTube channels:

LENA® Toys

Our DARDA® fans enjoy regular videos, special offers and questionnaires on our Facebook page. By actively involving our customers, we promote in a targeted way recognition of the DARDA® brand.

New B2B web shop for stockists

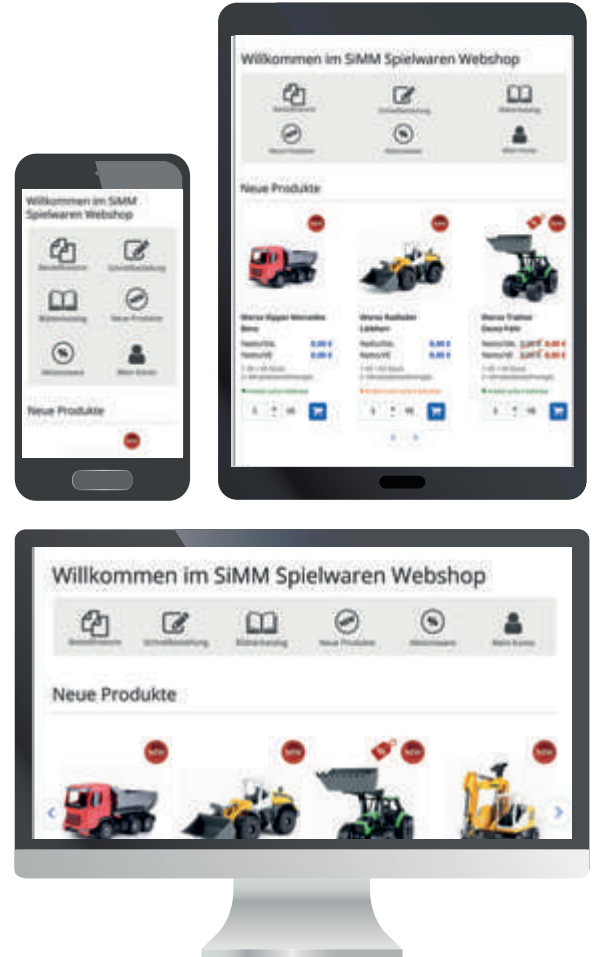

*You'd like to compile your order quickly and intuitively?
Best of all on your tablet or smartphone while on the go?
Then you've come to just the right place!*

You can look forward to:

- A clear & user-friendly interface
- High-resolution images of products & artwork
- Content optimised for smartphone & tablet
- All-round search with results in real time
- Quick links to important functions
 - ▶ Fast access to ordering history
 - ▶ Quick/direct ordering via item number
 - ▶ New features
 - ▶ Rapid access to promotional products
 - ▶ Dealer newsletter for special offers

We'll happily create your individual dealer access on request.

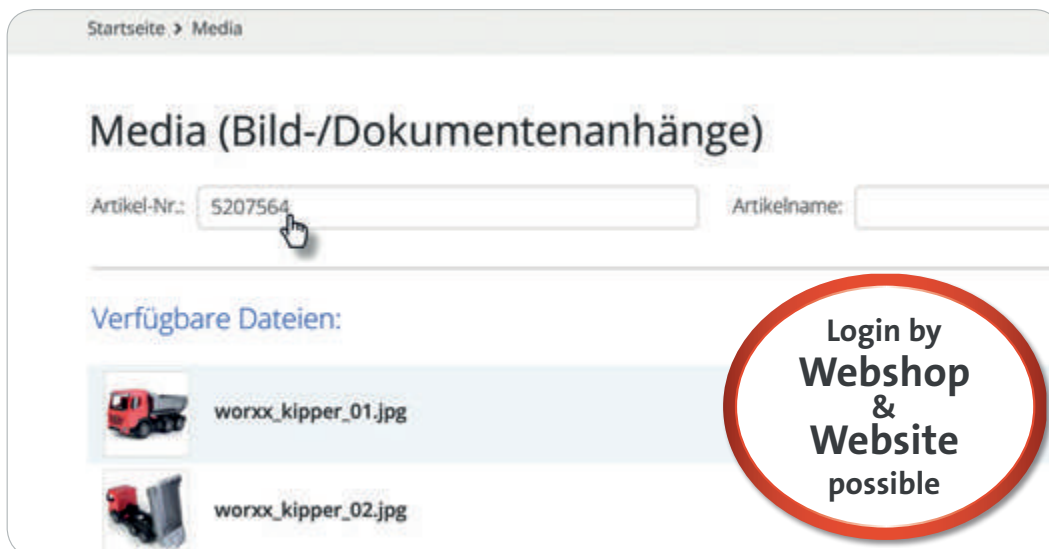

Access to the web shop is available from February 2019 on our new website www.simm-spielwaren.com.

Relaunch of the online image database

Are you looking for images, descriptions and relevant information about our products? Here you'll find what you're looking for!

With your web shop access you can gain direct access to our newly designed online image database.

We're also happy to set up a separate login for you to the online image database.

LENA® My First Racers

Even the really little ones can get off to a great start with our new LENA® My First Racers. With their child-friendly, easy-to-grip shapes, friendly colours and smooth-running wheels, the police car, pickup, motorbike & co. are great playmates for kids aged 12 months and over. Because TOP QUALITY and safety go together for us, we use only the highest quality materials. Thanks to robust ABS plastic and stable, galvanised steel axles, the cars are able to withstand any playing manoeuvre.

S. 33

TRUXX WITH ACCESSORIES

LENA® TRUXX Emergency vehicles

Now on active duty – our successful LENA® TRUXX! With the four new emergency vehicles Police, Fire Brigade, Ambulance and Horse Transporter, we make completely new LENA®-PLAY-WORLDS possible for kids aged three and over. The accessories included in the set enable interactive playing fun with the new

toy figures Policeman, Doctor, Fireman and Horse Rider. Combined with the fantastic car functions, children can immerse themselves in imaginative action missions on the street or at the riding school.

S. 24

WORXX

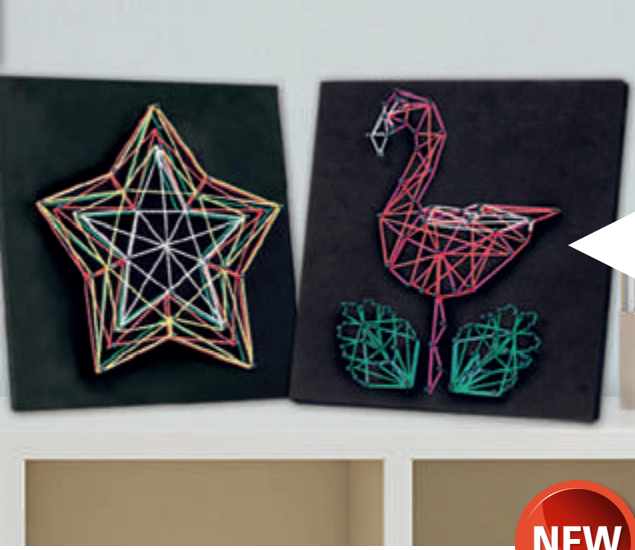

LENA® WORXX Garbage truck

Our LENA® WORXX licensed series gets backup from the Mercedes-Benz Arocs bin lorry. The driver's cab of this multi-purpose vehicle is a realistic replica of the original. Great features mean there are no limits on the playing imagination. A lockable tilting function enables container unloading. Additional rubbish bins can be mounted and emptied into the vehicle with a lever. With its three galvanised steel axles and sturdy plastic, this 52 cm long truck is perfectly equipped for both indoor and outdoor use.

S. 21

NEW

LENA® Fashion

The newest trend in all things body decoration is called glitter tattoos! Our two new TATTOO products with their glitter and metallic themes pick up on precisely this direction and bolster our beauty range at LENA® Fashion. Another trendy creative theme in our fashion area is also growing: STRING ART, with the two new designs Flamingo & Star.

S. 77/81

NEW

Tops

The proven quality of our tin toys have made them famous since 1880. Our new range inspires through its traditional themes, lovingly reinterpreted by our designers at SIMM. Thus added to our range is a 16 cm humming top with enchanting, richly-detailed farm illustrations. The highlight is our new panorama top! To the tune of "All my little ducks", a duck family and a frog with cute features swim through a picturesque pond.

S. 82/88

TOP QUALITY

TÜV CERT ISO 9001

SIMM Spielwaren GmbH provides a top service standard in logistics, marketing and sales, ensured by continuous process controlling. Our quality management system is certified according to ISO 9001.

TÜV

By continuous product checks – carried out by the TÜV Rheinland LGA Products in Nuremberg – subjects such as “safety”, “harmful substances” and “on-going product monitoring” are regularly ensured.

Made in EU

Well over half of all manufactured articles are “Made in the EU”. A high quality standard and aspects of sustainability are highly prioritized on the part of our Czech subsidiary, LENA hračky s.r.o., which produces LENA® plastic toys, music mills and tin drums. Here, around 120 employees work in manufacturing.

Code of Conduct

Our high quality level is consistently ensured by our “Code of Conduct” – also when it comes to suppliers from the Far East. Without exception all of our suppliers fulfill the “Code of Conduct”: they either have ICTI or BSCI certification. These certifications ensure legal compliance as well as, safe and fair working conditions for all employees.

FSC®

We are proud that many of our wooden toys are certified by the international non-profit organization FSC® (Forest Stewardship Council). FSC® certifies forestry on an international scale. Its main objective is the sustainable usage of our forests. Hence, our FSC®-certified toys are sourced from well-managed forests. The FSC® certification includes every stage of production.

Spiel Gut

The non-commercial “spiel gut” organization counsels consumers in the purchase of toys. Its “spiel gut” label awards toys with high quality of play. Our products have proudly worn the “spiel gut” label already for many years.
