From NEW ZEALAND to the world

The 52,000m² mega factory in Auckland, New Zealand

sistema®

Millions of customers in over 110 countries around the world use Sistema® products to help make their life a little easier.

From drink bottles and lunch boxes to microwave products and storage containers; everywhere Sistema® products are used, people find a purpose that suits their lifestyle.

Sistema® was built on one man's dream in his garage in a small town in New Zealand. From those humble beginnings, Sistema® is now supported with a global team of over 700 employees. The vision to manufacture beautifully designed products in New Zealand and ship it to customers around the world has been realised.

The dream continues with a passionate focus on innovation, design and an ever increasing range of desired products. Check out our range and be assured that every container that leaves our state of the art factory in New Zealand is made using material that is both BPA and Phthalate free.

Exported to over **110** countries

SISTEMA® VENT

CrispTray™

Elevates produce away from moisture and promotes proper airflow to help prevent spoilage, leaving you with crisper fruits and vegetables.

FreshVent™ Lid

Contains revolutionary patented membrane that naturally regulates the flow of Oxygen and Carbon Dioxide to create the optimal environment so your produce stays fresh.

sistema
FRESHWORKS™

KEEP PRODUCE
**FRESHER
LONGER***

WITH SISTEMA®
FRESHWORKS™
PRODUCE SAVER.

With its built-in FreshVent™ lid filter, these perfectly-sized food containers regulate the flow of Oxygen & Carbon Dioxide to provide the best environment for preserving food.

Longer-lasting produce means fewer trips to the supermarket, and more savings for you.

*Based on strawberries in FreshWorks™ containers vs. unbranded store packaging placed in the fridge. Results may vary depending on produce and use.
