

S SPARTAN®

2022

Welcome

Established in the UAE for over ten years, Spartan manufactures and distributes bicycles, ride-ons, scooters and bicycle accessories. Our products are known for their high-quality and affordability combined with superior design; making it easy for everyone to get riding. Spartan also develops bicycles and scooters under license from Disney, Marvel, Mattel, Nickelodeon and WarnerBros.

We pride ourselves on our customer-centric approach -- product development, range specifications and after-sales service are all driven by customer needs and feedback. In fact, several of our new ranges have been developed based on customer needs.

Today, the brand has over 200 products ranging from helmets to bicycles, scooters to skateboards. Our products undergo a rigorous QC process and are available across the Middle East, Africa and Asia. We can be found in all major leading hypermarkets, speciality stores and online.

SPARTAN

PLATINUM EDITION

*“Nothing compares to
the simple pleasure of riding a bike”*

The Platinum Story

The Spartan Platinum City Bike offers you the ideal ride in comfort and style. With a sturdy steel frame, accompanied by premium branded alloy components, you can be certain of a quality bike that will last.

The tyres are 32c-width Innova, offering the perfect balance of speed and comfort. With a 7-speed gear shifter you will enjoy a comfortable ride over slight inclines, and you can hit top speeds with more ease!

Available in three sizes with a choice of eight colours, there are a host of additional accessories, further enhancing the riding experience. The retro style of manufacture adds real class, including the vintage basket supplied at no extra cost.

With a P-type chain cover encasing the front crank completely, there is no need to worry about grease stains on your clothes or legs! Also included is a rear rack, enabling you to carry essential items on your journey, as well as mudguards to prevent excess splashing in wet weather.

AS FEATURED IN

COSMO
MIDDLE EAST

Spartan Platinum City

FRAME & FORK

The platinum series step through frame with relaxed urban geometry and fork is built with Hi-Ten Steel, which is strong and sturdy. The thinner tubes completes the vintage look & help keep the weight down.

STYLISH & CHIC

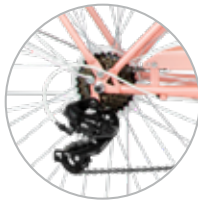

The tan leather saddle and grips makes this bike so much more stylish than what it already is! The Durable Alloy Double-wall rims, will help you zoom during your urban commute.

Model No: SP-3128-M

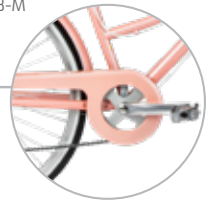

SHIMANO EQUIPPED

The Platinum City is a geared model that is equipped with reliable shimano components, featuring a thumb shifter and 7-speed derailleur to help you tackle any minor hills with ease.

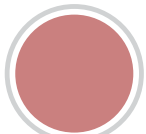

PREMIUM ALLOY COMPONENTS

All round alloy components ensure a solid build quality making it the ideal bike for all of your daily commute and general fitness needs.

SPARTAN
HYPERLITE

BUILT PERFECTLY TO GROW WITH YOU

Lightweight

The Hyperlite series frame and fork are built with ultra durable and lightweight 6061 aluminium. This makes the bike easy to manoeuvre and easy to carry for even your youngest member.

Handlebars and Brakes

The wide handlebar makes it a lot easier for your child to balance, and the smaller bicycle sizes have kid proportioned components by TEKTRON that are easy to reach brake levers.

Shimano Rear Derailleur

Equipped RDTX800 with an 8-speed drive train; durable light action shifting performance for stress free riding. Slimmer 1.5" profile tyres keep friction down and allow the rider to go further and faster with minimum effort.

Ergonomic Design

Designed to give your child an ergonomically comfortable riding position. The geometry of the Hyperlite was designed to allow for maximum stand over clearance along with a lowered bottom bracket which helps in increasing control and stability.

FAMILY FRIENDLY

“Imagine mounting a full-size motorbike for the first time; that’s exactly how your child would feel on a regular heavy bicycle.

With **HYPERLITE**, Spartan were determined to design a bike that was lightweight and perfect for your child. This would not only make it easier to learn how to ride a bike but would also ensure that it remains a fun and safe experience for your child for the years to come.”

COMFORT!*

Safety Protection - The construction of the bicycle helmet is integrated polycarbonate shell with EPS liner. Keep your head safe. The integrated sun visor shades from the sun and avoids rain from getting into the eyes during a commute, providing safety and comfort.

Rechargeable Rear Light - The helmet features an integrated USB rechargeable light. Best for night riding with 3 lighting modes, Steady, Flash and Wave. Fully charged in just 2 hours, and working for 6 hours when fully charged.

Fits Your Head Perfectly - Equipped with the easy-to-use dial system and side straps make this bike helmet adjustable to different head sizes and suitable for both men and women.

Breathable & Comfortable - The inner pads provide a comfortable wearing experience. The pads are removable for easy cleaning. The specialized ventilation design allows for air to go through the bicycle helmet which can help keep cool.

Multi-Sport Helmet - Great choice for urban commuting and when you need to stay visible. Suitable for a wide variety of riding including city, road, electric, trail and more.

SP-9060

Spartan Single Cylinder Foot Pump - 160PSI

Pedal-style, more relaxed. Fine workmanship, the interface is aluminium alloy material, long service life

Rugged, suitable for European and American inflatable nozzles, equipped with mechanical pressure gauges

Always monitor the tire pressure. Apply to: bicycles, cars, motorcycles, electric cars, balls

Material: Aluminium alloy

SP-9021

Spartan Double Cylinder Foot Pump - 200PSI

Pedal-style, more relaxed. Fine workmanship, the interface is aluminium alloy material, long service life

Rugged, suitable for European and American inflatable nozzles, equipped with mechanical pressure gauges

Always monitor the tire pressure. Apply to: bicycles, cars, motorcycles, electric cars, balls

SP-9022

Spartan Mini Foot Pump 160PSI

An ergonomic bicycle floor pump with pressure gauge can accurately measure pressure through an easy-to-read scale and display accurate air pressure when inflating. The minimum barometer is 14.5 PSI (level 1). When the bicycle is inflated, the barometer is normal. The high pressure of up to 160 psi can quickly inflate and save time.

Different from traditional inflation and manual inflation, this portable bicycle inflator has a non-slip retractable pedal and a sturdy plastic base. The hinged plastic handle and durable valve make the bicycle inflator more stable and will not slip during inflation. It can be inflated quickly and save time.

Compatible with Presta and Schrader general valves, no need to replace the pump head, and no air leakage. The pump is suitable for many purposes. In addition to bicycle wheels, you can also inflate electric cars, basketballs, inflatable cushions, life jackets, swimming rings and any inflatable toys.

SP-9052

Spartan Tool Free Bicycle Light Set

Easy to install! The headlights and rear warning light brackets are equipped with manually operable screws, no tools required, and are equipped with 2 rubber brackets for any handlebar size, whether road, mountain or children's bike!
